CHAIRPERSON'S MESSAGE

Dear Shareholders,

There were far reaching structural reforms implemented in the Indian economy in the last seventeen months starting from November 2016. In the process these measures have put the economy on sound growth path. The most significant reform was introduction of Goods and Service Tax w.e.f 1.7.2017. This single measure has integrated the Country's economy. Overall, the incidence of indirect tax has come down on most of the products by this measure of merging several indirect taxes and cess charged on the products in different States prior to July 2017.

The several initiatives taken by Government to boost rural income and infrastructure are now fructifying to boost business in several segments which are catered by the Company. The Company, therefore, envisaged a faster growth in business from upcoming financial years.

The effect of Demonetization, GST and RERA looks to have settled down to a large extent. The economy is moving to formal sector slowly, but surely from informal sector. This augurs well to boost the economic activity in the Country. The Monsoon for this year is also normal. Company, therefore, expects business conditions to be favorable in the year to boost the demand for its products.

Pursuant to Companies (Indian Accounting Standards) Rules, 2015, IND-AS have become applicable to your Company with effect from 1st April, 2017, accordingly the Company has prepared all its financial statements in compliance with IND-AS. Figures of previous financial year 2016-17 have also been restated as per applicable IND-AS.

During the year, the Company has implemented SAP 9.2 a leading ERP solution with effect from 1st April, 2017 by switching over from existing ERP. The implementation of SAP 9.2 shall integrate all the business process across the organization. The new Regime of SAP shall bring discipline by transforming the work culture thereby bringing transparency and structured information system.

We continue to be committed towards creating value for all our stakeholders and adhering to the highest standards of corporate governance. I will take this opportunity to thank all our Shareholders, Bankers, suppliers, customers for their continued support.

With Best Wishes
Rashmi Devi Agrawal
(Chairperson)

24. Internal Financial Controls

The Company believes that internal control is necessary principle of prudent business governance that freedom of management should be exercised within a framework of appropriate checks and balances. The Company remains committed to ensuring an effective internal control environment that inter alia provides assurance on orderly and efficient conduct of operations, security of assets, prevention and detection of frauds/errors, accuracy and completeness of accounting records and the timely preparation of reliable financial information.

The Company's independent and Internal Audit processes, both at the Business and Corporate levels, provide assurance on the adequacy and effectiveness of internal controls, compliance with operating systems, internal policies and regulatory requirements.

The Financial Statements of the Company are prepared on the basis of the Significant Accounting Policies that are carefully selected by management and approved by the Board. These, in turn are supported by a set of divisional Delegation Manual & Standard Operating Procedures (SOPs) that have been established for individual units/ areas of operations.

The Company uses SAP Systems as a business enabler and also to maintain its Books of Account. The SOPs in tandem with transactional

controls built into the SAP Systems ensure appropriate segregation of duties, tiered approval mechanisms and maintenance of supporting records. The systems, SOPs and controls are reviewed by Senior management and audited by Internal Auditor whose findings and recommendations are reviewed by the Audit Committee of Board of Directors and tracked through to implementation.

The Company has in place adequate internal financial controls with reference to the Financial Statements. Such controls have been tested during the year and no reportable material weakness in the design or operation was observed. Nonetheless the Company recognizes that any internal financial control framework, no matter how well designed, has inherent limitations and accordingly, regular audit and review processes ensure that such systems are reinforced on an ongoing basis.

Board of Directors of the Company approved and updated the said policy as and when required.

The Nomination and Remuneration Committee works with the entire Board to determine the appropriate characteristics, skills and experience required for the Board as a whole and for individual members. Members are expected to possess the required qualifications, integrity, expertise and experience for the position. They should also possess the deep expertise and insights in sectors / areas relevant to the Company and ability to contribute to the Company's growth.

32. Risk Management Policy

The Company, like any other enterprise, is exposed to business risk which can be an internal risks as well as external risks. One of the key risks faced by the Company in today's scenario is the wide and frequent fluctuations in the prices of its raw material. Any further increase in prices of raw materials could create a strain on the operating margins of the Company. Inflationary tendencies in the economy and deterioration of macroeconomic indicators can impact the spending power of the consumer because of which down trading from branded products to non-branded can occur which can affect the operating performance of the Company.

Any unexpected changes in regulatory framework pertaining to fiscal benefits and other related issue can affect our operations and profitability.

However the Company is well aware of the above risks and as part of business strategy has put in mechanism to ensure that they are mitigated with timely action. The Company has a robust Business Risk Management (BRM) framework to identify, evaluate business risks and opportunities. This framework seeks to create transparency, minimize adverse impact on the business objectives and enhance the Company's competitive advantage.

In the opinion of the Board of Directors, none of the aforementioned risks affect and/or threaten the existence of the Company.

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2018

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies

(Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Texmo Pipes and Products Limited
98, Bahadarpur Road,
Burhanpur (M.P.)-450331

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Texmo Pipes and Products Limited (CIN: L25200MP2008PLC020852)** (hereinafter called the company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31st March, 2018 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2018 according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;

REPORT ON CORPORATE GOVERNANCE

1. COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

Corporate Governance in simple words means the way a corporation is governed. Corporate governance refers to mechanisms, processes and relations by which corporations are controlled and directed. Corporate Governance is a systematic process driven by the ethical conduct of the business and affairs of an organisation aimed at promoting sustainable business and enhancing shareholders value in long term. The essence of Corporate Governance lies in promoting and maintaining integrity, transparency and accountability across all business practices. Corporate governance essentially involves balancing the interests of a company's stakeholders, such as shareholders, management, customers, suppliers, financiers, government and the community. We believe that Corporate Governance is a continuous journey for sustainable value creation for all the stakeholders driven by our values of Integrity, Commitment, Passion, Seamlessness and Speed.

Your Company has complied with the requirements of Corporate Governance as laid down under Regulation 27 of SEBI (Listing Obligation and Disclosure Requirements), Regulations 2015.

2. COMPOSITION OF BOARD

At Texmo Pipes and Products Limited (TPPL), it is our belief that an enlightened Board deliberately creates a culture of leadership to provide a long-term vision and policy approach to improve the quality of governance. At present the Board consists of 2 Executive Directors, 1 Non-Executive Non-Independent Director and 3 Non-Executive Independent Directors. The Company has a Non-Executive Chairperson. The Company is having 3 Independent Directors which as per Regulation 17 of the SEBI (LODR) Regulation, 2015 is one-half of the total strength of Board of Directors of the Company, which meets the requirement relating to the composition of the Board. In compliance of provisions of section 149 of Companies Act, 2013 read with Companies (Appointment and Qualification of Directors) Rules, 2014 and Regulation 17 of SEBI (LODR) Regulation, 2015, the Company is having one woman director in form of Non-Executive Chairperson.

No Director of the Company is related to any other Director of the Company, except that Mr. Sanjay Kumar Agrawal and Mrs Rashmi Devi Agrawal are spouse.

The Company is having an appropriate size of the Board for real strategic discussion and avails the benefits of diverse experience and viewpoints.

3. BOARD INDEPENDENCE

We at Texmo Pipes and Products Limited adhere to the definition of independence of Directors is derived from section 149 (6) of Companies Act, 2013. All Directors are individuals of integrity and courage, with relevant skills and experience to bring independent judgement on the business of the Company.

4. MECHANISM FOR EVALUATING BOARD MEMBERS

One of the key functions of the Board is to monitor and review the Board evaluation framework. The Board works with Nomination and Remuneration Committee to lay down the evaluation criteria for the performance of executive/non executive/ independent Directors through a peer-evaluation excluding the Director being evaluated through a Board effectiveness survey. The Questionnaire of the survey is a key part of the process of reviewing the functioning and effectiveness of the Board and for identifying possible paths for improvement. Each Board Member is requested to evaluate the effectiveness of the Board dynamics and relationship, information flow, decision-making of the Directors, relationship to stakeholders, Company performance, Company strategy, and the effectiveness of the whole Board and its various committees on a scale of one to five. Feedback on each director is encouraged to be provided as a part of the survey.

Independent directors have three key roles- governance, control and guidance. Some of the performance indicators based on which the independent directors are evaluated include :-

- Ability to contribute to and monitor our corporate governance practices
- Ability to contribute by introducing international best practices to address top-management issues
- Active participation in long-term strategic planning
- Commitment to the fulfillment of a Director's obligations and fiduciary responsibilities; these include participation in board and committee meetings.

5. DIRECTOR INDUCTION, FAMILIARIZATION AND TRAINING

8. BOARD MEETINGS

i) Scheduling and Selection of agenda items for Board Meetings.

The Board meets at regular intervals to discuss and decides on Company / business policy and strategy apart from other Board business. The Board / Committee Meetings are pre-scheduled and a tentative annual calendar of the Board and Committee Meetings is circulated to the Directors well in advance to facilitate them to plan their schedule and to ensure meaningful participation in the meetings. However, in case of a special and urgent business need, the Board's approval is taken by passing resolutions by circulation, as permitted by law, which is noted and confirmed in the subsequent Board meeting.

The notice of Board meeting is given well in advance to all the Directors. Usually, meetings of the Board are held in Burhanpur. The Agenda of the Board / Committee meetings is set by the Company Secretary in consultation with the Chairperson of the Company. The Agenda is circulated a week prior to the date of the meeting. The Agenda for the Board and Committee meetings includes detailed notes on the items to be discussed at the meeting to enable the Directors to take an informed decision.

During the year 2017-18, Six Meetings of the Board of Directors were held on 26th May, 2017, 25th August, 2017, 11th September, 2017, 6th October, 2017, 11th December, 2017 and 13th February, 2018. The maximum time gap between any two consecutive meetings did not exceed one hundred and twenty days. The necessary quorum was present for all meetings. The draft minutes of each Board / Committee meetings are circulated to all Directors for their comments within 15 days of the meeting. The Company Secretary, after incorporating comments, received if any, from the Directors, records the minutes of each Board / Committee meeting within 30 days from conclusion of the meeting. The important decisions taken at the Board / Committee meetings are communicated to the concerned departments promptly.

None of the Directors on the Board are Members in more than ten Committees or Chairman in more than five Committees across all the companies in which they are Directors. Necessary disclosures regarding Committee positions in other public companies as on 31st March, 2018 have been made by the Directors.

MANAGEMENT DISCUSSION AND ANALYSIS

Industry structure and Developments

The Indian plastics industry made a promising beginning in 1957 with the production of polystyrene. Thereafter, significant progress has been made, and the industry has grown and diversified rapidly. The industry spans the country and hosts more than 2,000 exporters. It employs about 4 million people and comprises more than 30,000 processing units, 85-90 percent of which are small and medium-sized enterprises. Export of plastic products from India increased by 17.1 per cent to US\$ 8.85 billion in 2017-2018 as compared to US\$ 7.56 billion in 2016-17. Exports of plastic raw materials stood at US\$ 3.24 billion in 2017-18. During 2017-18, major importers of Indian plastic products were US (US\$ 1.11 billion), China (US\$ 728.31 million), UAE (US\$ 440.81 million), Italy (US\$ 403.94 million), Germany (US\$ 367.02 million), Turkey (US\$ 334.18 million), UK (US\$ 318.25 million), Bangladesh (US\$ 257.14 million) and Nepal (US\$ 205.82 million).

The Indian plastics industry offers excellent potential in terms of capacity, infrastructure and skilled manpower. It is supported by a large number of polymer producers, and plastic process machinery and mould manufacturers in the country.

Opportunities and Threats

Among the industry's major strengths is the availability of raw materials in the country. Thus, plastic processors do not have to depend on imports. This industry is one of the fast growing industries in the Indian economy. The Indian plastics industry has enormous potential of growth but presently have very low usage levels as compared to the global standards. Plastics waste is a challenge to be managed well again. Connection of plastics waste management with the prospects of recycling industry will be a superior thought.

Product wise performance

Company's major products are PVC, HDPE, Fittings and Trading. Performance of various products at a glance is as under:-

Particulars	2017-18	2016-17
HDPE Pipe	6,621.48	7408.63
PVC Pipe	12,001.26	12739.58
CPVC Pipe	571.71	1505.17
Moulding fittings	2,914.82	2843.56
Trading Sale	2,725.50	2636.20
Total	24,834.77	27133.13
Less excise duty	(306.21)	(1166.77)
Add Sell Fit Charges	9.90	13.49
VAT/CST subsidy for Industrial promotion	9.49	28.75
Total revenue from operation as per audit report	24,547.95	26008.61

Outlook

The most significant reform was introduction of Goods and Service Tax w.e.f 1.7.2017. This single measure has integrated the Country's economy. Overall, the incidence of indirect tax has come down on most of the products by this measure of merging several indirect taxes and cess charged on the products in different States prior to July 2017. The several initiatives taken by Government to boost rural income and infrastructure are now fructifying to boost business in several segments which are catered by the Company. INDEPENDENT AUDITOR'S REPORT

To,
The Members,
Texmo Pipes and Products Limited
Burhanpur (M.P)

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of **Texmo Pipes and Products Limited ("the Company")**, which comprise the Balance Sheet as at March 31, 2018 the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information. (herein after referred to as "standalone Ind AS financial statements")

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that gives a true and fair view of the financial position, financial performance including other comprehensive income cash flows and Changes in Equity of the Company in accordance with the Indian Accounting Standards referred to in section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 (as amended), including accounting principles generally accepted in India.

This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting & auditing standards and matters which are required to be included in the audit report under the provision of the Act and the Rules made there under and the Order under section 143 (11) of the Act.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We are also responsible to conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify the opinion. Our conclusions are based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Ind AS Financial Statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, and its profit, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to the following matters in the Notes forming part to the standalone Ind AS financial statements:

Note 48 to the Standalone Ind AS Financial Statements which describe the uncertainty related to the outcome of the lawsuit filed against the Insurance Company.

Our opinion is not modified in respect of these matters.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

(Referred to paragraph 1(f) under “Report on Other Legal and Regulatory Requirements” section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Texmo Pipes and Products Limited (“the Company”) as of March 31, 2018 in conjunction with our audit of the standalone IndAS financial statements of the Company as at and for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone IndAS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Significant Accounting Policies

1. CORPORATE INFORMATION

Texmo Pipes and Products Limited (“the Company”) was formed as a Partnership Firm by the name M/s Shree Mohit Industries on 13th May 1999 and was subsequently converted and incorporated as a Public limited Company in July 2008 with the Registrar of Companies, Madhya Pradesh and Chhattisgarh. The Partnership Firm was converted into Company under Part IX of the Companies Act, 1956 under the name of Texmo Pipes and Products Limited having Certificate of Incorporation dated 3rd July 2008.

2.1 BASIS OF PREPARATION AND PRESENTATION

The standalone financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities (including derivative instruments) and
- Defined benefit plans - plan assets

The financial statements of the Company have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013.

Upto the year ended March 31, 2017, the Company has prepared its financial statements in accordance with the requirement of Indian Generally Accepted Accounting Principles (GAAP), which include Standards notified under the Companies (Accounting Standards) Rules, 2006 and considered as “Previous GAAP”.

These financial statements are the Company’s first Ind AS standalone financial statements.

Company’s financial statements are presented in Indian Rupees (INR), which is also its functional currency.

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Property, Plant and Equipment (PPE)

- i) Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.
- ii) Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably. In the carrying amount of an item of PPE, the cost of replacing the part of such an item is recognized when that cost is incurred if the recognition criteria are met. The carrying amount of those parts that are replaced is derecognized in accordance with the derecognition principles.
- iii) Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre-operative expenses and disclosed under Capital Work - in - Progress.
- iv) Depreciation on property, plant and equipment is provided using straight line method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 . Each part of an item of Property, Plant & Equipment with a cost that is significant in relation to total cost of the Machine is depreciated separately, if its useful life is different than the life of the Machine. In respect of following assets, useful life estimated is different than those prescribed in Schedule II:

Asset	Useful Life
Dies and Moulds	12 Years

- v) The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.
- vi) Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.
- vii) Spare parts procured along with the Plant & Machinery or subsequently which meet the recognition criteria are capitalized and added in the carrying amount of such item. The carrying amount of those spare parts that are replaced is derecognized when no future economic benefits are expected from their use or upon disposal. Other machinery spares are treated as “stores & spares” forming part of the inventory.

b) Leases

- i) Leases are classified as finance leases whenever the terms of the lease, transfers substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.
- ii) Leased assets: Assets held under finance leases are initially recognized as assets of the Company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation.
- iii) Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognized immediately in Statement of Profit and Loss, unless they are directly attributable to qualifying assets, in which case they are capitalized. Contingent rentals are recognized as expenses in the periods in which they are incurred.
- iv) A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.
- v) Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term except where another systematic basis is more representative of time pattern in which economic benefits from the leased assets are consumed.

c) Intangible assets

- i) Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortization /depletion and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use, net charges on foreign exchange contracts and adjustments arising from exchange

rate variations attributable to the intangible assets.

- ii) Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.
- iii) Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized

d) Capital Work in Progress

- i) Expenditure incurred on assets under construction (including a project) is carried at cost under Capital Work in Progress. Such costs comprises purchase price of asset including import duties and non-refundable taxes after deducting trade discounts and rebates and costs that are directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
- ii) Cost directly attributable to projects under construction include costs of employee benefits, expenditure in relation to survey and investigation activities of the projects, cost of site preparation, initial delivery and handling charges, installation and assembly costs, professional fees, expenditure on maintenance and up-gradation etc. of common public facilities, depreciation on assets used in construction of project, interest during construction and other costs if attributable to construction of projects. Such costs are accumulated under "Capital works in progress" and subsequently allocated on systematic basis over major assets, other than land and infrastructure facilities, on commissioning of projects.
- iii) Capital Expenditure incurred for creation of facilities, over which the Company does not have control but the creation of which is essential principally for construction of the project is capitalized and carried under "Capital work in progress" and subsequently allocated on systematic basis over major assets, other than land and infrastructure facilities, on commissioning of projects, keeping in view the "attributability" and the "Unit of Measure" concepts in Ind AS 16- "Property, Plant & Equipment". Expenditure of such nature incurred after completion of the project, is charged to Statement of Profit and Loss.

e) Research and Development Expenditure

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are charged to the Statement of Profit and Loss unless a product's technological and commercial feasibility has been established, in which case such expenditure is capitalized.

f) Finance Cost

- i) Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.
- ii) Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.
- iii) All other borrowing costs are expensed in the period in which they occur.

g) Inventories

- i) Items of inventories are measured at lower of cost and net realizable value after providing for obsolescence, if any, except in case of by-products which are valued at net realizable value. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition.
- ii) Cost of raw materials, stores and spares, packing materials, trading and other products are determined at Cost, with moving average price on FIFO basis

h) Impairment of non-financial assets - property, plant and equipment and intangible assets

- i) The Company assesses at each reporting date as to whether there is any indication that any property, plant and equipment and intangible assets or group of assets, called Cash Generating Units (CGU) may be impaired. If any such indication exists the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.
- ii) An impairment loss is recognized in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.
- iii) The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

I) Provisions, Contingent Liabilities and Contingent Assets and Commitments

- i) Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Such provisions are determined based on management estimate of the amount required to settle the obligation at the balance sheet date. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognized as a standalone asset only when the reimbursement is virtually certain.
- ii) If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.
- iii) Contingent liabilities are disclosed on the basis of judgment of management. These are reviewed at each balance sheet date are adjusted to reflect the current management estimate.
- iv) Contingent assets are not recognized but are disclosed in the financial statements when inflow of economic benefits is probable.

h) Income Taxes

The tax expense for the period comprises current and deferred tax. Tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognized in the other comprehensive income or in equity. In which case, the tax is also recognized in other comprehensive income or equity.

i) Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

ii) Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

i) Foreign Currency Transactions

- i) Transactions in foreign currencies are initially recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date.
- ii) Exchange differences arising on settlement or translation of monetary items are recognized in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets, are capitalized as cost of assets.
- iii) Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or Statement of Profit and Loss are also recognized in OCI or Statement of Profit and Loss, respectively).

j) Employee Benefits Expense Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognized as an expense during the period when the employees render the services.

Post-Employment Benefits

Defined Contribution Plans A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund, Superannuation Fund and Pension Scheme. The Company's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined Benefits Plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The Company pays gratuity to the employees whoever has completed five years of service with the Company at the time of resignation/superannuation. The gratuity is paid @15 days salary for every completed year of service as per the Payment of Gratuity Act 1972.

The gratuity liability amount is contributed to the approved gratuity fund formed exclusively for gratuity payment to the employees. The gratuity fund has been approved by respective IT authorities.

The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

Employee Separation Costs

Compensation to employees who have opted for retirement under the voluntary retirement scheme of the Company is payable in the year of exercise of option by the employee. The Company recognizes the employee separation cost when the scheme is announced and the Company is demonstrably committed to it.

k) Revenue recognition

Revenue from sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated cost can be estimated reliably, there is no continuing effective control or managerial involvement with the goods, and the amount of revenue can be measured reliably.

Revenue from rendering of services is recognized when the performance of agreed contractual task has been completed. Revenue from sale of goods is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government such as Goods and Service Tax (GST).

Revenue from operations includes sale of goods, services, service tax, excise duty and adjusted for discounts (net), and gain/ loss on corresponding hedge contracts.

Interest income

Interest income from a financial asset is recognized using effective interest rate (EIR) method.

Dividends

Revenue is recognized when the Company's right to receive the payment has been established, which is generally when shareholders approve the dividend.

l) Insurance Claims

Insurance claims are accounted for on the basis of claims admitted/ expected to be admitted to the extent that there is no uncertainty in receiving the claims.

m) Financial Instruments

1) Financial Assets

A. Initial recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognized using trade date accounting.

B. Subsequent measurement Financial assets carried at amortized cost A financial asset is measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of

the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset not classified as either amortized cost or FVOCI, is classified as FVTPL.

C. Investment in subsidiaries, Associates and Joint Ventures

The Company has elected to measure investment in the wholly owned subsidiary M/s Tapti Pipes and Products Ltd. FZE at Fair Value. All other subsidiaries, joint venture and associates are valued at cost, there being insignificant difference between their fair value and the carrying cost.

D. Other Equity Investments

All other equity investments are measured at fair value, with value changes recognized in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'.

E. Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

ii) Financial Liabilities

A. Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognized in the Statement of Profit and Loss as finance cost

B. Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derivative financial instruments and Hedge Accounting

The Company uses various derivative financial instruments such as interest rate swaps, currency swaps, forwards & options and commodity contracts to mitigate the risk of changes in interest rates, exchange rates and commodity prices. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss, except for the effective portion of cash flow hedges which is recognized in Other Comprehensive Income and later to Statement of Profit and Loss when the hedged item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial assets or non-financial liability. Hedges that meet the criteria for hedge accounting are accounted for as follows:

a) Cash flow hedge

The Company designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognized asset or liability or forecast cash transactions. When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in the cash flow hedging reserve being part of other comprehensive income. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Statement of Profit and Loss upon the occurrence of the underlying transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified in the Statement of Profit and Loss.

b) Fair Value Hedge

The Company designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in interest rates, foreign exchange rates and commodity prices. Changes in the fair value of hedging instruments and hedged items that are designated and qualify as fair value hedges are recorded in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of a hedged item for which the effective interest method is used is amortized to Statement of Profit and Loss over the period of maturity.

Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it

transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

n) Operating Cycle

The Company presents assets and liabilities in the balance sheet based on current / non-current classification based on operating cycle.

An asset is treated as current when it is:

- a. Expected to be realized or intended to be sold or consumed in normal operating cycle;
- b. Held primarily for the purpose of trading;
- c. Expected to be realized within twelve months after the reporting period, or
- d. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- a. It is expected to be settled in normal operating cycle;
- b. It is held primarily for the purpose of trading;
- c. It is due to be settled within twelve months after the reporting period, or
- d. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The company has identified twelve months as its operating cycle.

o) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for events of bonus issue; bonus element in a right issue to existing shareholders.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

p) Dividend Distribution

Dividend distribution to the shareholders is recognized as a liability in the company's financial statements in the period in which the dividends are approved by the company's shareholders.

q) Statement of Cash Flows

- i) Cash and Cash equivalents
For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.
- ii) Statement of Cash Flows is prepared in accordance with the Indirect Method prescribed in the relevant Ind AS.

2.3 CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the financial statements in conformity with the Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures as at date of the financial statements and the reported amounts of the revenues and expenses for the years presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates under different assumptions and conditions. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

a) Depreciation / amortization and useful lives of property plant and equipment / intangible assets

Property, plant and equipment / intangible assets are depreciated / amortized over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortization to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortization for future periods is revised if there are significant changes from previous estimates.

b) Recoverability of trade receivable

Judgments are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

c) Provisions

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgment to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

d) Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

e) Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

2.4 First Time adoption of Ind AS

The Company has adopted Ind AS with effect from 1st April 2017 with comparatives being restated. Accordingly the impact of transition has been provided in the Opening Reserves as at 1st April 2016. The figures for the previous period have been restated, regrouped and reclassified wherever required to comply with the requirement of Ind AS and Schedule III.

a) Exemptions from retrospective application

i) Business combination exemption

The Company has applied the exemption as provided in Ind AS 101 on non-application of Ind AS 103, "Business Combinations" to business combinations consummated prior to April 1, 2016 (the "Transition Date"), pursuant to which goodwill/capital reserve arising from a business combination has been stated at the carrying amount prior to the date of transition under Indian GAAP. The Company has also applied the exemption for past business combinations to acquisitions of investments in subsidiaries / associates / joint ventures consummated prior to the Transition Date

ii) Fair value as deemed cost exemption

The Company has elected to measure items of property, plant and equipment and intangible assets at its carrying value at the transition date except for freehold land which has been measured at fair value.

iii) Cumulative translation differences

The Company has elected to apply Ind AS 21 - The Effects of changes in Foreign Exchange Rate prospectively. Accordingly all cumulative gains and losses recognized are reset to zero by transferring it to retained earnings.

iv) Investments in subsidiaries, joint ventures and associates

The Company has elected to measure investment in the wholly owned subsidiary M/s Tapti Pipes and Products Ltd. FZE at Fair Value. All other subsidiaries, joint venture and associates are valued at cost, there being insignificant difference between their fair value and the carrying cost.

- The expected contribution for Defined Benefit Plan for the next financial year will be in line with FY 2017-18.
- The company makes provident fund (PF) contributions to defined contribution benefit plans for eligible employees. Under the scheme the company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions specified under the law are paid to the government authorities (PF commissioner).
- Amount towards Defined Contribution Plan have been recognized under “Contribution to Provident and Other funds” in Note 28 ₹120.52 Lakhs (Previous Year: ₹102.40 Lakhs).

5. Defined Benefit Plan:

The Company has defined benefit plans for gratuity to eligible employees, contributions for which are made to Life Insurance Corporation of India, who invests the funds as per IRDA guidelines. The details of these defined benefit plans recognized in the financial statements are as under:

General Description of the Plan:

The Company operates a defined benefit plan (the Gratuity Plan) covering eligible employees, which provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employees salary and the tenure of employment.

The defined benefit plans typically expose the company to various risk such as;

• **Investment risk:**

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create plan deficit.

• **Interest risk:**

A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the plan assets.

• **Longevity risk:**

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

• **Salary risk:**

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Interest Rate Risk

Interest rate risk is the risk that the future cash flow with respect to interest payments on borrowing will fluctuate because of change in market interest rates. The company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligation with floating interest rates.

Interest Rate Sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

(Amount in ₹ Lakhs)

Particulars	Increase/Decrease in basis points	Effect on Profit before tax
As at March 31, 2018	100 bsp	104.95
As at March 31, 2017	100 bsp	105.37

Commodity Price Risk

Commodity price risk arises due to fluctuation in prices of raw material. The company has a risk management frame work aimed at prudently managing the risk arising from the volatility in raw material prices and freight costs. The company's commodity risk is managed centrally through well-established trading operations and control processes. In accordance with the risk management policy, the Company carefully calibrates the timing and the quantity of purchase

Credit Risk

Credit risk is the risk that a customer or counterparty to a financial instrument fails to perform or pay the amounts due causing financial loss to the

Notes annexed to and forming part of the Financial statements

Reconciliation Notes explaining Ind AS Adjustments

- The company has exercised the option of carrying the Freehold Land, Investment property and Land Held for Sale at its fair value on the date of transition. This has resulted in increase in Property, Plant and Equipment by ₹ 6,248.43 Lakhs, Investment Property by ₹ 21.52 Lakhs and Other Current Assets by ₹ 177.66 Lakhs and there is corresponding impact on Revaluation Reserve by ₹ 6,447.61 Lakhs.
- The company has exercised the option of carrying the Investments in its subsidiaries at its fair value on the date of transition. Consequently, there is decrease in Non Current Investments by ₹ 3,194 Lakhs on that date.
- As per Ind AS 109 "Financial Instruments", Interest free loans to subsidiary has been carried at amortized cost. Accordingly, Financial Assets- Loans have decreased and Other current assets have increased by ₹ 22.99 Lakhs and ₹ 24.83 Lakhs as on 01.04.2016 and 31.03.2017 respectively.
- The transaction costs paid for the term loans borrowed have been amortized over the period of the loans, as the loans are required to be carried at amortized cost as per Ind AS 109 "Financial Instruments". Consequently, the Borrowings have reduced by ₹ 9.51 Lakhs and ₹ 8.47 Lakhs as at 1st April 2016 and 31st March 2017 respectively.
- Under the Ind AS, the Deferred Tax is calculated on the basis of the Balance Sheet approach and not the Income approach. Consequently, the Deferred Tax Liabilities (Net) have been increased by ₹ 23.70 Lakhs and ₹ 19.88 Lakhs as at 1st April 2016 and 31st March 2017 respectively.
- The company has borrowed interest free unsecured loans from promoters/directors. Such loans have been classified as compound financial instruments and split into debt and equity in accordance with Ind AS 32 "Financial Instruments : Presentation". Accordingly, Borrowings have decreased and Other Equity increased.

Independent Auditors' Report on Consolidated Financial Statements

To
The Members,

Texmo Pipes and Products Limited

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying Consolidated Ind AS Financial Statements of TEXMO PIPES AND PRODUCTS LIMITED (“the Company”) and its subsidiaries & its Joint Ventures (collectively referred to as “the Group”) which comprise the Consolidated Balance Sheet as at 31st March, 2018, the Consolidated Statement of Profit and Loss (including other comprehensive income), Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement of the Group for the year then ended, and a summary of significant accounting policies and other explanatory information thereon (hereinafter referred to as “Consolidated Ind AS Financial Statements”)

Management's Responsibility for Consolidated Ind AS Financial Statements

The Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (“the Act”) that give a true and fair view of the Consolidated financial position, Consolidated financial performance including other comprehensive income, Consolidated Statement of Changes in Equity and Consolidated cash flows of the Group in accordance with the Indian Accounting Standards specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and the other accounting principles generally accepted in India.

The respective Board of Directors of the Companies included in the Group and of its Jointly Controlled Entity are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of the appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of these consolidated Ind AS financial statements by Board of Directors of the Company.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit.

While conducting the audit, we have taken into account the provisions of the Act, the accounting & auditing standards and matters which are required to be included in the audit report under the provision of the Act and the Rules made there under. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the consolidated financial statements that give true & fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of consolidated Ind AS financial statements.

We are also responsible to conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify the opinion. Our conclusions are based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern.

We believe that the audit evidence obtained by us and the audit evidence obtained by other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the reports of other auditors, on the financial statements of subsidiary, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2018, and its consolidated profit consolidated total comprehensive income, consolidated changes in equities and its consolidated cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to the following matters in the Notes forming part to the consolidated Ind AS financial statements:

- (i) Note 48 to the consolidated Ind AS financial statements, which describe the uncertainty related to the outcome of the lawsuit filed against the Insurance Company.
- (ii) Note 49 to the consolidated Ind AS financial statements, that no provisions have been made during the year in respect of balances outstanding for Trade Receivables, Advance to Suppliers and other receivables in respect of one of the subsidiary "Tapti Pipes and Products Limited FZE", which in opinion of the management are considered good and are fully recoverable.

Our opinion is not modified in respect of these matters.

Other Matter

1. We did not carry out the audit of the financial statements of one subsidiary company, whose financial statements reflect total assets of ₹ 6,518.01 Lakhs as at 31st March, 2018, total revenue of ₹ 597.82 Lakhs and net cash outflow of ₹ 12.36 Lakhs for the year then ended on that date. These financial statements have been audited by other auditor whose report have been furnished to us by the management, and in our opinion on the consolidated Ind AS financial statement, insofar as it relates to the amounts and disclosures included in respect of the subsidiary is based solely on the report of the other auditor.

Our opinion on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements;
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept by the Company so far as it appears from our examination of those books and the report of the other auditors;

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of TEXMO PIPES AND PRODUCTS LIMITED ("the Company") as of and for the year ended 31 March 2018, we have audited the internal financial controls over financial reporting of the Company, its subsidiary incorporated in India ("Indian Subsidiary") and jointly controlled entity incorporated in India as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Company, its Indian subsidiary and jointly controlled entity incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting of the Company and its Subsidiary company, which is company incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company, its Indian subsidiary and the jointly controlled entity incorporated in India, have in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

2.0 BASIS OF PREPARATION AND PRESENTATION

The consolidated financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities (including derivative instruments) and
- Defined benefit plans - plan assets

The consolidated financial statements of the Group have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013.

Upto the year ended March 31, 2017, the Group has prepared its consolidated financial statements in accordance with the requirement of Indian Generally Accepted Accounting Principles (GAAP), which include Standards notified under the Companies (Accounting Standards) Rules, 2006 and considered as "Previous GAAP".

These consolidated financial statements are the Group's first Ind AS consolidated financial statements.

Group's consolidated financial statements are presented in Indian Rupees (INR), which is also its functional currency.

2.1 PRINCIPLES OF CONSOLIDATION

The consolidated financial statements relate to Texmo Pipes & Products Limited ('the Company') and its subsidiary companies, associates and joint ventures. The consolidated financial statements have been prepared on the following basis:\

- a The financial statements of the Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.
- b Profits or losses resulting from intra-group transactions that are recognized in assets, such as inventory and property, plant & equipment, are eliminated in full.
- c In case of foreign subsidiaries, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognized in the Foreign Currency Translation Reserve.
- d Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.
- e The difference between the proceeds from disposal of investment in subsidiaries and the carrying amount of its assets less liabilities as on the date of disposal is recognized in the Consolidated Statement of Profit and Loss being the profit or loss on disposal of investment in subsidiary.
- f Non Controlling Interest's share of profit / loss of consolidated subsidiaries for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the Company.
- g Non Controlling Interest's share of net assets of consolidated subsidiaries is identified and presented in the Consolidated Balance Sheet separate from liabilities and the equity of the Company's shareholders.
- h Investment in Associates and Joint Ventures has been accounted under the equity method as per Ind AS 28 - Investments in Associates and Joint Ventures.
- i The Company accounts for its share of post acquisition changes in net assets of associates and joint ventures, after eliminating unrealized profits and losses resulting from transactions between the Company and its associates to the extent of its share, through its Consolidated Statement of Profit and Loss, to the extent such change is attributable to the associates Statement of Profit and Loss and through its reserves for the balance based on available information.

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- a) **Property, Plant and Equipment (PPE)**

- i) Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.
- ii) Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably. In the carrying amount of an item of PPE, the cost of replacing the part of such an item is recognized when that cost is incurred if the recognition criteria are met. The carrying amount of those parts that are replaced is derecognized in accordance with the derecognition principles.
- iii) Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre - operative expenses and disclosed under Capital Work - in - Progress.
- iv) Depreciation on property, plant and equipment is provided using straight line method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 . Each part of an item of Property, Plant & Equipment with a cost that is significant in relation to total cost of the Machine is depreciated separately, if its useful life is different than the life of the Machine. In respect of following assets, useful life estimated is different than those prescribed in Schedule II:

Asset	Useful Life
Dies and Moulds	12 Years

- v) The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.
- vi) Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.
- vii) Spare parts procured along with the Plant & Machinery or subsequently which meet the recognition criteria are capitalized and added in the carrying amount of such item. The carrying amount of those spare parts that are replaced is derecognized when no future economic benefits are expected from their use or upon disposal. Other machinery spares are treated as “stores & spares” forming part of the inventory.

b) Leases

- i) Leases are classified as finance leases whenever the terms of the lease, transfers substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.
- ii) Leased assets: Assets held under finance leases are initially recognised as assets of the Group at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation.
- iii) Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognized immediately in Statement of Profit and Loss, unless they are directly attributable to qualifying assets, in which case they are capitalized. Contingent rentals are recognized as expenses in the periods in which they are incurred.
- iv) A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.
- v) Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term except where another systematic basis is more representative of time pattern in which economic benefits from the leased assets are consumed.

c) Intangible assets

- i) Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortization /depletion and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.
- ii) Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.
- iii) Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized

d) Capital Work in Progress

- i) Expenditure incurred on assets under construction (including a project) is carried at cost under Capital Work in Progress. Such costs comprises purchase price of asset including import duties and non-refundable taxes after deducting trade discounts and rebates and costs that are directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
- ii) Cost directly attributable to projects under construction include costs of employee benefits, expenditure in relation to survey and investigation activities of the projects, cost of site preparation, initial delivery and handling charges, installation and assembly costs, professional fees, expenditure on maintenance and up-gradation etc. of common public facilities, depreciation on assets used in construction of project, interest during construction and other costs if attributable to construction of projects. Such costs are accumulated under “Capital works in progress” and subsequently allocated on systematic basis over major assets, other than land

and infrastructure facilities, on commissioning of projects.iii)Capital Expenditure incurred for creation of facilities, over which the Group does not have control but the creation of which is essential principally for construction of the project is capitalized and carried under “Capital work in progress” and subsequently allocated on systematic basis over major assets, other than land and infrastructure facilities, on commissioning of projects, keeping in view the “attributability” and the “Unit of Measure” concepts in Ind AS 16- “Property, Plant & Equipment”. Expenditure of such nature incurred after completion of the project, is charged to Statement of Profit and Loss.

e) Mine Under Development

The cost of Exploration (Prospecting) and other Development Expenditure of Mine is capitalized and booked in Mine Under Development account and grouped under Capital Work in Progress till the mines are workable and are brought to revenue. The ore obtained during Development activity is adjusted against such expenditure at its desired realizable value.

f) Research and Development Expenditure

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are charged to the Statement of Profit and Loss unless a product's technological and commercial feasibility has been established, in which case such expenditure is capitalized.

g) Finance Cost

- i) Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.
- ii) Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.
- iii) All other borrowing costs are expensed in the period in which they occur.

h) Inventories

- i) Items of inventories are measured at lower of cost and net realizable value after providing for obsolescence, if any, except in case of by-products which are valued at net realizable value. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition.
- ii) Cost of raw materials, stores and spares, packing materials, trading and other products are determined at Cost, with moving average price on FIFO basis

i) Impairment of non-financial assets - property, plant and equipment and intangible assets

- i) The Group assesses at each reporting date as to whether there is any indication that any property, plant and equipment and intangible assets or group of assets, called Cash Generating Units (CGU) may be impaired. If any such indication exists the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the CGU to which the asset belongs.
- ii) An impairment loss is recognized in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.
- iii) The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

j) Provisions, Contingent Liabilities and Contingent Assets and Commitments

- i) Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Such provisions are determined based on management estimate of the amount required to settle the obligation at the balance sheet date. When the Group expects some or all of a provision to be reimbursed, the reimbursement is recognized as a standalone asset only when the reimbursement is virtually certain.
- ii) If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.
- iii) Contingent liabilities are disclosed on the basis of judgment of management. These are reviewed at each balance sheet date are adjusted to reflect the current management estimate.
- iv) Contingent assets are not recognized but are disclosed in the consolidated financial statements when inflow of economic benefits is probable.

k) Income Taxes

The tax expense for the period comprises current and deferred tax. Tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognized in the other comprehensive income or in equity. In which case, the tax is also recognized in other comprehensive income or equity.

i) Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

ii) **Deferred tax**

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

l) Foreign Currency Transactions

- i) Transactions in foreign currencies are initially recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date.
- ii) Exchange differences arising on settlement or translation of monetary items are recognized in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets, are capitalized as cost of assets.
- iii) Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or Statement of Profit and Loss are also recognized in OCI or Statement of Profit and Loss, respectively).

m) Employee Benefits Expense Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognized as an expense during the period when the employees render the services.

Post-Employment Benefits

Defined Contribution Plans A defined contribution plan is a post-employment benefit plan under which the Group pays specified contributions to a separate entity. The Group makes specified monthly contributions towards Provident Fund, Superannuation Fund and Pension Scheme. The Group's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined Benefits Plans The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The Group pays gratuity to the employees whoever has completed five years of service with the Group at the time of resignation/superannuation. The gratuity is paid @15 days salary for every completed year of service as per the Payment of Gratuity Act 1972.

The gratuity liability amount is contributed to the approved gratuity fund formed exclusively for gratuity payment to the employees. The gratuity fund has been approved by respective IT authorities.

The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

Employee Separation Costs

Compensation to employees who have opted for retirement under the voluntary retirement scheme of the Group is payable in the year of exercise of option by the employee. The Group recognizes the employee separation cost when the scheme is announced and the Group is demonstrably committed to it.

n) Revenue recognition

Revenue from sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated cost can be estimated reliably, there is no continuing effective control or managerial involvement with the goods, and the amount of revenue can be measured reliably.

Revenue from rendering of services is recognized when the performance of agreed contractual task has been completed. Revenue from sale of goods is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. Revenue from operations includes sale of goods, services, service tax, excise duty and adjusted for discounts (net), and gain/ loss on corresponding hedge contracts.

Interest income

Interest income from a financial asset is recognized using effective interest rate (EIR) method.

Dividends

Revenue is recognised when the Group's right to receive the payment has been established, which is generally when shareholders approve the dividend.

o) Insurance Claims

Insurance claims are accounted for on the basis of claims admitted/ expected to be admitted to the extent that there is no uncertainty in receiving the claims.

p) Financial Instruments

i) Financial Assets

A. Initial recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

B. Subsequent measurement

Financial assets carried at amortised cost A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI) A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss (FVTPL) A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL.

C. Investment in subsidiaries, Associates and Joint Ventures

The Group has elected to measure investment in subsidiaries, joint venture and associate at cost. On the date of transition, the fair value has been considered as deemed cost.

Investment in Equity shares & Mutual Funds etc., are classified at fair value through the profit and loss account.

D. Other Equity Investments

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Group has elected to present the value changes in 'Other Comprehensive Income'.

E. Impairment of financial assets

In accordance with Ind AS 109, the Group uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or

Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For trade receivables Group applies 'simplified approach' which requires expected lifetime losses to be recognized from initial recognition of the receivables. The Group uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analyzed.

For other assets, the Group uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

ii) Financial Liabilities

A. Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognized in the Statement of Profit and Loss as finance cost.

B. Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derivative financial instruments and Hedge Accounting

The Group uses various derivative financial instruments such as interest rate swaps, currency swaps, forwards & options and commodity contracts to mitigate the risk of changes in interest rates, exchange rates and commodity prices. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss, except for the effective portion of cash flow hedges which is recognized in Other Comprehensive Income and later to Statement of Profit and Loss when the hedged item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial assets or non-financial liability.

Hedges that meet the criteria for hedge accounting are accounted for as follows:

a) Cash flow hedge

The Group designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk

of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognized asset or liability or forecast cash transactions. When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in the cash flow hedging reserve being part of other comprehensive income. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Statement of Profit and Loss upon the occurrence of the underlying transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified in the Statement of Profit and Loss.

b) Fair Value Hedge

The Group designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in interest rates, foreign exchange rates and commodity prices.

Changes in the fair value of hedging instruments and hedged items that are designated and qualify as fair value hedges are recorded in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of a hedged item for which the effective interest method is used is amortized to Statement of Profit and Loss over the period of maturity.

Derecognition of financial instruments

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Group's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

q) Operating Cycle

The Group presents assets and liabilities in the balance sheet based on current / non-current classification based on operating cycle. An asset is treated as current when it is:

- a. Expected to be realized or intended to be sold or consumed in normal operating cycle;
- b. Held primarily for the purpose of trading;
- c. Expected to be realized within twelve months after the reporting period, or
- d. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current. A liability is current when:

- a. It is expected to be settled in normal operating cycle;
- b. It is held primarily for the purpose of trading;
- c. It is due to be settled within twelve months after the reporting period, or
- d. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The Group has identified twelve months as its operating cycle.

r) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for events of bonus issue; bonus element in a right issue to existing shareholders. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

s) Dividend Distribution

Dividend distribution to the shareholders is recognized as a liability in the Group's consolidated financial statements in the period in which the dividends are approved by the Group's shareholders.

t) Statement of Cash Flows

i) Cash and Cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

ii) Statement of Cash Flows is prepared in accordance with the Indirect Method prescribed in the relevant Ind AS.

2.3 CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the consolidated financial statements in conformity with the Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures as at date of the consolidated financial statements and the reported amounts of the revenues and expenses for the years presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates under different assumptions and conditions. The estimates and underlying assumptions are

reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

a) Depreciation / amortization and useful lives of property plant and equipment / intangible assets

Property, plant and equipment / intangible assets are depreciated / amortized over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortization to be recorded during any reporting period. The useful lives and residual values are based on the Group's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortization for future periods is revised if there are significant changes from previous estimates.

b) Recoverability of trade receivable

Judgments are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

c) Provisions

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgment to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

d) Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

e) Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Group uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

2.4 First Time adoption of Ind AS

The Group has adopted Ind AS with effect from 1st April 2017 with comparatives being restated. Accordingly the impact of transition has been provided in the Opening Reserves as at 1st April 2016. The figures for the previous period have been restated, regrouped and reclassified wherever required to comply with the requirement of Ind AS and Schedule III.

a) Exemptions from retrospective application

i) Business combination exemption

The Group has applied the exemption as provided in Ind AS 101 on non-application of Ind AS 103, "Business Combinations" to business combinations consummated prior to April 1, 2016 (the "Transition Date"), pursuant to which goodwill/capital reserve arising from a business combination has been stated at the carrying amount prior to the date of transition under Indian GAAP. The Group has also applied the exemption for past business combinations to acquisitions of investments in subsidiaries / associates / joint ventures consummated prior to the Transition Date

ii) Fair value as deemed cost exemption

The Group has elected to measure items of property, plant and equipment and intangible assets at its carrying value at the transition date.

iii) Cumulative translation differences

The Group has elected to apply Ind AS 21 - The Effects of changes in Foreign Exchange Rate prospectively. Accordingly all cumulative gains and losses recognised are reset to zero by transferring it to retained earnings.

iv) Investments in subsidiaries, joint ventures and associates

The Company has elected to measure investment in the wholly owned subsidiary M/s Tapti Pipes and Products Ltd. FZE at Fair Value. All other subsidiaries, joint venture and associates are valued at cost, there being insignificant difference between their fair value and the carrying cost.

- The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflations, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.
- The expected contribution for Defined Benefit Plan for the next financial year will be in line with FY 2017-18.
- The company makes provident fund (PF) contributions to defined contribution benefit plans for eligible employees. Under the scheme the company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions specified under the law are paid to the government authorities (PF commissioner).
- Amount towards Defined Contribution Plan have been recognized under “Contribution to Provident and Other funds” in Note 31 ₹ 120.52 Lakhs (Previous Year: ₹ 102.40 Lakhs).
- Defined Benefit Plan:**

The Company has defined benefit plans for gratuity to eligible employees, contributions for which are made to Life Insurance Corporation of India, who invests the funds as per IRDA guidelines. The details of these defined benefit plans recognized in the financial statements are as under:

General Description of the Plan:

The Company operates a defined benefit plan (the Gratuity Plan) covering eligible employees, which provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employees salary and the tenure of employment.

The defined benefit plans typically expose the company to various risk such as;

- **Investment risk:**

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create plan deficit.

- **Interest risk:**

A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the plan assets.

- **Longevity risk:**

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

- **Salary risk:**

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Interest Rate Risk

Interest rate risk is the risk that the future cash flow with respect to interest payments on borrowing will fluctuate because of change in market interest rates. The company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligation with floating interest rates.

Interest Rate Sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected.

With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

(Amount in ₹ Lakhs)

Particulars	Increase/Decrease in basis points	Effect on Profit before tax
As at March 31,2018	100 bsp	104.95
As at March 31,2017	100 bsp	105.37

Commodity Price Risk

Commodity price risk arises due to fluctuation in prices of raw material. The company has a risk management framework aimed at prudently managing the risk arising from the volatility in raw material prices and freight costs.

The company's commodity risk is managed centrally through well-established trading operations and control processes. In accordance with the risk management policy, the Company carefully calibrates the timing and the quantity of purchase

As on 31st March 2018

Credit Risk

Credit risk is the risk that a customer or counterparty to a financial instrument fails to perform or pay the amounts due causing financial loss to the company. Credit risk arises mainly from the outstanding receivables from customers.

The company has a prudent and conservative process for managing its credit risk arising in the course of its business activities. The credit ratings/market standing of the customers are evaluated on a regular basis.

Liquidity Risk

Liquidity risk arises from the Company's inability to meet its cash flow commitments on time. Prudent liquidity risk management implies maintaining sufficient stock of cash and marketable securities . The Company maintains adequate cash and cash equivalents alongwith the need based credit limits to meet the liquidity needs.

Hedge Accounting

The Company avails Foreign Currency Demand Loans from bank time to time to reduce the interest cost. The Company takes forward cover to hedge against the foreign currency risks. The amount of foreign currency risks and forward cover are as under:

	31-Mar-18	31-Mar-17	1-Apr-16
Foreign Currency Loan	NIL	NIL	NIL
Forward Cover	NIL	NIL	NIL

Operating Leases

- (a) There were no non-cancellable operating lease. (b) The Company pays rent for office premises at Indore and Mumbai. The lease period is for 11 months with option to renew. The payments for office premises at Indore are to related parties. None of the lease agreements have any restrictions concerning dividend, additional debt and further leases.

Reconciliation Notes explaining Reclassification Adjustments

1. Investment Property classified as Non current Investments under the previous GAAP has been reclassified to Investment Property under Ind AS.
2. Loans and Advances in the nature of financial assets have been reclassified as Financial Assets- Loans. Under the previous GAAP, such loans were classified as Other Non- Current assets.
3. Trade Receivables and Advance to Suppliers, classified in the earlier years as Current Assets, have been reclassified as Non-Current Assets effective from 31st March 2016. These have been considered as Errors as per Ind AS 8 "Accounting Policies, Changes in Accounting Estimates and Errors". The management expects slow recovery of these receivables and advances.
4. Other Current Assets, under the previous GAAP includes Loans and Advances which have been classified as Financial Assets- Other Financial assets under the IndAS.
5. Provision for Tax was classified as Other Non Current Liabilities under the previous GAAP. Under the Ind AS, it has been reclassified to Current Tax Liabilities shown as net of Advance Tax and TDS.
6. Other Current Liabilities under the previous GAAP includes Current Maturities of Long Term Debts and Interest accrued but not due on borrowings which have been classified as Other Financial Liabilities under the Ind AS.

Reconciliation Notes explaining Ind AS Adjustments

1. The company has exercised the option of carrying the Freehold Land, Investment property and Land Held for Sale at its fair value on the date of transition. This has resulted in increase in Property, Plant and Equipment by ₹ 6,248.43 lakhs, Investment Property by ₹ 21.52 lakhs and Other Current Assets by ₹ 177.66 lakhs and there is corresponding impact on Revaluation Reserve by ₹ 6,447.61 lakhs.
2. The company has exercised the option of carrying the Investments in its subsidiaries at its fair value on the date of transition. Consequently, there is decrease in Non Current Investments by ₹ 3,194 lakhs on that date.
3. As per IndAS 109 "Financial Instruments", Interest free loans to subsidiary has been carried at amortised cost. Accordingly, Financial Assets- Loans have decreased and Other current assets have increased by ₹ 22.99 lakhs and ₹ 24.83 lakhs as on 01.04.2016 and 31.03.2017 respectively.
4. The transaction costs paid for the term loans borrowed have been amortised over the period of the loans, as the loans are required to be carried at amortized cost as per Ind AS 109 "Financial Instruments". Consequently, the Borrowings have reduced by ₹ 9.51 lakhs and ₹ 8.47 lakhs as at 1st April 2016 and 31st March 2017 respectively.
5. Under the Ind AS, the Deferred Tax is calculated on the basis of the Balance Sheet approach and not the Income approach. Consequently, the Deferred Tax Liabilities (Net) have been increased by ₹ 23.70 lakhs and ₹ 19.88 lakhs as at 1st April 2016 and 31st March 2017 respectively.
6. The company has borrowed interest free unsecured loans from promoters/directors. Such loans have been classified as compound financial instruments and split into debt and equity in accordance with Ind AS 32 "Financial Instruments : Presentation". Accordingly, Borrowings have decreased and Other Equity increased.

Dear Shareholders,

The Ministry of Corporate Affairs has taken a “Green Initiative in Corporate Governance” by allowing paperless compliances by Companies through electronic mode. In accordance with the circular no. 17/2011 dated 21.04.2011 and circular no. 18/2011 dated 29.04.2011 issued by the Ministry, Companies can now send various notices and documents, including Annual Report, to its shareholders through electronic mode to the registered e- mail addresses of shareholders.

It is a welcome move for the society at large, as this will reduce paper consumption to a great extent and allow shareholders to contribute towards a Greener Environment. This is a golden opportunity for every shareholder of 'Texmo Pipes and Products Limited' to contribute to the Corporate Social Responsibility initiative of the Company. Further it will ensure instant and definite receipt of the reports by you.

We notice that your email ID is not available in our records. As we propose to send future Communications, in electronic mode, we request you to please fill up the form given herewith for registering your e-mail ID and send the same to the following address:
