CHAIRPERSON'S MESSAGE

Dear Shareholders,

It is my pleasure to share you that 2018-19 was a magnificent year for the remarkable performance of your Company. Our vision is based on hard work, open communication, a strong emphasis on team work and a high level of responsibility. At Texmo Pipes, we believe that Sustainable development is the key to success and we have aligned ourselves to this mission. It was indeed an eventful year as we have clocked strong topline and bottom line growth for the year. Texmo Pipes and Products Limited is one of the most trusted company, engaged in defining and offering higher levels of customer satisfaction and faster adoption of latest available technology. The products offered by us possess excellent quality, durability and performance. Our Quality Control department plays an active role in stringent quality control measures to maintain a consistency towards supply of quality products. The performance reflects our ability to overcome the macroeconomic challenges prevalent in the industry with a strategic and sustainable business model in place. Our rapid growth shows the bright future outlook

As I look forward, I have confidence that TEXMO will continue its journey towards success, creating further shareholder value through profitable and responsible growth. Drawing inspiration from our legacy and heritage, we will continue to demonstrate our passion and effectiveness to outperform industry growth and turn challenges into opportunities. A diversified portfolio, state-of-the-art technologies and strong distribution presence across the country are some of the key components of our business model that add to our competitiveness. We have always remained committed to growth with new product launches and capacity additions that help us sustain growth and deliver returns. We have also made significant progress with the implementation of our strategic priorities and expanded our mid- to long-term financial ambitions for our company.

Company has successfully implemented SAP. The new Regime of SAP shall bring discipline by transforming the work culture thereby bringing transparency and structured information system.

Finally, I would like to express my gratitude to our shareholders, customers, bankers and vendors for their trust and continued support in our company. I would like to thank our Board, management team and the employees for their hard work and support.

With Best Wishes
Rashmi Devi Agrawal
(Chairperson)

The Company's independent and Internal Audit processes, both at the Business and Corporate levels, provide assurance on the adequacy and effectiveness of internal controls, compliance with operating systems, internal policies and regulatory requirements.

The Financial Statements of the Company are prepared on the basis of the Significant Accounting Policies that are carefully selected by management and approved by the Board. These, in turn are supported by a set of divisional Delegation Manual & Standard Operating Procedures (SOPs) that have been established for individual units/ areas of operations.

The Company uses SAP Systems as a business enabler and also to maintain its Books of Account. The SOPs in tandem with transactional controls built into the SAP Systems ensure appropriate segregation of duties, tiered approval mechanisms and maintenance of supporting records. The systems, SOPs and controls are reviewed by Senior management and audited by Internal Auditor whose findings and recommendations are reviewed by the Audit Committee of Board of Directors and tracked through to implementation.

The Company has in place adequate internal financial controls with reference to the Financial Statements. Such controls have been tested during the year and no reportable material weakness in the design or operation was observed. Nonetheless the Company recognizes that any internal financial control framework, no matter how well designed, has inherent limitations and accordingly, regular audit and review processes ensure that such systems are reinforced on an ongoing basis.

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2019

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Texmo Pipes and Products Limited
98, Bahadarpur Road,
Burhanpur (M.P.)-450331

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Texmo Pipes and Products Limited (CIN: L25200MP2008PLC020852)** (hereinafter called the company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31st March, 2019 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2019 according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;
- ii. The Companies Act, 1956 (to the extent applicable);
- iii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- iv. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- v. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- vi. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-

REPORT ON CORPORATE GOVERNANCE

1. COMPANY’S PHILOSOPHY ON CODE OF GOVERNANCE

Corporate Governance in simple words means the way a corporation is governed. Corporate governance refers to mechanisms, processes and relations by which corporations are controlled and directed. Corporate Governance is a systematic process driven by the ethical conduct of the business and affairs of an organization aimed at promoting sustainable business and enhancing shareholders value in long term. The essence of Corporate Governance lies in promoting and maintaining integrity, transparency and accountability across all business practices. Corporate governance essentially involves balancing the interests of a company’s stakeholders, such as shareholders, management, customers, suppliers, financiers, government and the community. We believe that Corporate Governance is a continuous journey for sustainable value creation for all the stakeholders driven by our values of Integrity, Commitment, Passion, Seamlessness and Speed.

Your Company has complied with the requirements of Corporate Governance as laid down under Regulation 27 of SEBI (Listing Obligation and Disclosure Requirements), Regulations 2015.

2. COMPOSITION OF BOARD

At Texmo Pipes and Products Limited (TPPL), it is our belief that an enlightened Board deliberately creates a culture of leadership to provide a long-term vision and policy approach to improve the quality of governance. At present the Board consists of 3 Executive Directors, and 3 Non-Executive Independent Directors. The Company has a Executive Chairperson. The Company is having 3 Independent Directors which as per Regulation 17 of the SEBI (LODR) Regulation, 2015 is one-half of the total strength of Board of Directors of the Company, which meets the requirement relating to the composition of the Board. In compliance of provisions of section 149 of Companies Act, 2013 read with Companies (Appointment and Qualification of Directors) Rules, 2014 and Regulation 17 of SEBI (LODR) Regulation, 2015, the Company is having one woman director in form of Executive Chairperson.

No Director of the Company is related to any other Director of the Company, except that Mr. Sanjay Kumar Agrawal and Mrs. Rashmi Devi Agrawal are spouse.

The Company is having an appropriate size of the Board for real strategic discussion and avails the benefits of diverse experience and viewpoints.

3. BOARD INDEPENDENCE

We at Texmo Pipes and Products Limited adhere to the definition of independence of Directors is derived from section 149 (6) of Companies Act, 2013. All Directors are individuals of integrity and courage, with relevant skills and experience to bring independent judgement on the business of the Company.

4. MECHANISM FOR EVALUATING BOARD MEMBERS

One of the key functions of the Board is to monitor and review the Board evaluation framework. The Board works with Nomination and Remuneration Committee to lay down the evaluation criteria for the performance of executive/non executive/independent Directors through a peer-evaluation excluding the Director being evaluated through a Board effectiveness survey. The Questionnaire of the survey is a key part of the process of reviewing the functioning and effectiveness of the Board and for identifying possible paths for improvement. Each Board Member is requested to evaluate the effectiveness of the Board dynamics and relationship, information flow, decision-making of the Directors, relationship to stakeholders, Company performance, Company strategy, and the effectiveness of the whole Board and its various committees on a scale of one to five. Feedback on each director is encouraged to be provided as a part of the survey.

MANAGEMENT DISCUSSION AND ANALYSIS

Industry structure and Developments

The various initiatives taken by the Central and State Governments have started showing fruitful outcome in the year. The focus on construction of affordable houses, effective implementation of RERA, Swachha Bharat Mission, Amrut Yojana and other infrastructure building activities are enabling the Company to grow its Plastics Piping System Business.

The initiatives taken up-to-date by the Government are gathering momentum. With an expected growth in the businesses of several verticals, the Company took steps to put new production units and also expand capacity in several of its existing units.

The Indian economy started the fiscal year 2018-19 with a healthy eight per cent growth in the June 2018 quarter, however India's real gross domestic product growth dropped to a five-year low of seven per cent in 2018-2019. The slowdown in the Indian economy emanated from sectors like housing, agriculture, auto, manufacturing and trade, and services etc.

Opportunities and Threats

Among the industry's major strengths is the availability of raw materials in the country. Thus, plastic processors do not have to depend on imports. This industry is one of the fast growing industries in the Indian economy. The Indian plastics industry has enormous potential of growth but presently have very low usage levels as compared to the global standards. Plastics waste is a challenge to be managed well again. Connection of plastics waste management with the prospects of recycling industry will be a superior thought.

Product wise performance

Company's major products are PVC, HDPE, Fittings and Trading. Performance of various products at a glance is as under:-

Particulars	2018-19	2017-18
HDPE Pipe	10797.13	6,621.48
PVC Pipe	14554.19	12,001.26
CPVC fitting	647.54	571.71
Moulding fittings	3006.06	2,914.82
Trading Sale	1969.53	2,725.50
Total	30974.45	24,834.77
Less excise duty	-	(306.21)
Add Sell Fit Charges	3.55	9.90
VAT/CST subsidy for Industrial promotion	-	9.49
Installation Charges	8.25	-
Total revenue from operation as per audit report	30986.25	24,547.95

Outlook

The several initiatives taken by Government to boost rural income and infrastructure are now fructifying to boost business in several segments which are catered by the Company. There are a number of factors like low per capita consumption, manufacturing focus, end use industry growth, increasing urbanization, changing lifestyle, promoting growth of plastic industry in India. The Company, therefore, envisaged a faster growth in business from upcoming years.

Risks and Concerns

During the financial year under review, the Company was reaffirmed 'BWR BBB' rating for fund based facilities. Higher finance cost is still a concern to the Company and Company is still striving hard to get more improved ratings for more reducing the finance cost. Further, your Company has an intricate Risk Management procedure which depicts business risk and operational risks that are supported by policy framework.

INDEPENDENT AUDITORS' REPORT

To,
The Members,
TEXMO PIPES AND PRODUCTS LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone Financial Statements of TEXMO PIPES AND PRODUCTS LIMITED (“the Company”), which comprises the Balance Sheet as at March 31st, 2019, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as ‘standalone Ind AS financial statements’).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Financial Statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31st, 2019, and its Profit, Changes in Equity and its Cash Flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone Ind AS financial statements.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 (“the Act”) with respect to the preparation of these standalone Financial Statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company’s financial reporting process.

Auditor’s Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor’s Report) Order, 2016 (“the Order”), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the “Annexure-A”, a statement on the matters specified in paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;

ANNEXURE–A TO THE INDEPENDENT AUDITORS' REPORT

Referred to in Paragraph 1 of the Independent Auditors' Report of even date to the members of Texmo Pipes and Products Limited on the standalone Ind AS financial statements as of and for the year ended March 31st, 2019, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Fixed Assets (property, plant & equipment) and intangible assets.
- (b) As explained to us, all the Property, Plant & Equipment have been physically verified by the management in a phased periodical manner, which in our opinion is reasonable, having regard to the size of the Company and the nature of its assets. According to the information and explanations given to us, no material discrepancies were noticed on such physical verification.
- (c) According to the information and explanations given to us by the management and on the basis of our examination of the records of the Company, the title deeds of immovable properties recorded in the books of accounts of the Company are held in the name of the Company.
- (ii) The inventory has been physically verified by the Management during the year. In our opinion, the frequency of such verification is reasonable and adequate in relation to the size of the Company and the nature of its business. The discrepancies noticed on physical verification of inventory as compared to books and records were not material and have been appropriately dealt with in the books of accounts.
- (iii) The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the Register maintained under Section 189 of the Companies Act, 2013.
- (iv) In our opinion and according to the information and explanations given to us, the provisions of section 185 and 186 of the Companies Act, 2013, in respect of loans and advances to entities in which the directors are interested, have been complied with by the Company. The Company has not granted any guarantee or security in terms of section 185 and 186 of the Companies Act, 2013.
- (v) According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 of the Act and the rules framed there under.
- (vi) Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act, in respect of its products. We have broadly reviewed the same, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- (vii) (a) According to the information and explanations given to us and on the basis of examination of the records of the Company, in our opinion, the Company is generally regular in depositing the undisputed statutory dues including provident fund, employees' state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, goods and services taxes, cess and other statutory dues applicable to it, with the appropriate authorities.

According to the information and explanations given to us, no undisputed amount payable in respect of aforesaid dues were in arrears as on March 31st, 2019 for a period more than six months from the date they became payable, *except Excise Duty amounting to Rs.158.56 Lakhs, which is payable due to reversal of CENVAT Credit on the Lost Goods. It has been informed to us that the outstanding amount of Rs. 158.65 Lakhs will be paid by the company as and when the insurance claim against the goods lost will be received by it.*

- (b) According to the information and explanations given to us, there are no material dues of income tax, sales tax, service tax, duty of customs, goods and services tax, excise duty, entry tax and cess which have not been deposited with the appropriate authorities on account of any dispute, *except for the following:* (Amount in Rs. ANNEXURE–B TO THE INDEPENDENT AUDITORS' REPORT

Referred to in Paragraph 2(f) of the Independent Auditors' Report of even date to the members of Texmo Pipes and Products Limited on the standalone IndAS financial statements as of and for the year ended March 31st, 2019

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **TEXMO PIPES AND PRODUCTS LIMITED** (“the Company”) as of 31st March, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Texmo Pipes and Products Limited ("the Company") was formed as a Partnership Firm by the name M/s Shree Mohit Industries on 13th May 1999 and was subsequently converted into Public Limited Company under Part IX of the Companies Act, 1956 under the name of Texmo Pipes and Products Limited having Certificate of Incorporation dated 3rd July 2008. Its shares are listed with the National Stock Exchange [NSE] and Bombay Stock Exchange [BSE]. The Registered Office of the Company is situated at 98, Bahadarpur Road, Burhanpur (M.P.) -450331. The Company is principally engaged in manufacturing and trading of PVC, HDPE, SWR, Sprinkler, Drip, CPVC Pipes and Fittings.

NOTE - 1B - SIGNIFICANT ACCOUNTING POLICIES

1B.1 Basis of Preparation

The standalone financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

Amounts for the year ended March 31st, 2018, were audited by previous auditors- M/s. Pankaj Somaiya & Associates LLP, Burhanpur.

The standalone financial statements of the Company for the year ended March 31, 2019 were authorized for issue in accordance with a resolution of the Board of Directors on May 21st, 2019.

1B.2 Basis of Measurement

The standalone financial statements have been prepared on a going concern basis using historical cost convention and on accrual method of accounting, except for the following assets and liabilities which have been measured at fair value: - Certain financial assets and liabilities (including derivative instruments); - Defined benefit plans - plan assets; and - Assets Held for Sale

1B.3 Functional and Presentation Currency

These standalone financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All amounts have been rounded off to the nearest lakh, unless otherwise indicated.

1B.4 Summary of Significant Accounting Policies

1B.4.1 Property, Plant and Equipment (PPE)

- (a) Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discounts and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any other cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.
- (b) Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably. In the carrying amount of an item of PPE, the cost of replacing the part of such an item is recognized when that cost is incurred if the recognition criterias are met. The carrying amount of those parts that are replaced is derecognized in accordance with the derecognition principles.
- (c) Expenses incurred in relation to a project, net of income earned during the project development stage prior to its intended use, are considered as Pre - Operative Expenses and are disclosed under 'Capital Work - in - Progress'.
- (d) Depreciation on Property, Plant and Equipment is provided using straight line method, except on Freehold Land, on which no depreciation is provided. Depreciation provided is based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. If, significant parts of an item of Property, Plant and Equipment have different useful lives, then they are accounted and depreciated for as separate items (major components) of Property, Plant and Equipment. In respect of the Dies and Moulds, the useful life is estimated at 12 years, which is different from the prescribed life of 8 years under Schedule II to the Companies Act, 2013
- (e) The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.
- (f) Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.
- (g) Spare parts procured along with the Plant & Machinery or subsequently which meet the recognition criteria are capitalized and added in the carrying amount of such item. The carrying amount of those spare parts that are replaced is derecognized when no future economic benefits are expected from their use or upon disposal. Other machinery spares are treated as "stores & spares" forming part of the inventory.

1B.4.2 Leases

- (a) At the inception of a lease, the lease arrangement is classified as either a finance lease or an operating lease, based on the substance of the lease arrangement. Leases are recognized as a finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.
- (b) Assets used under finance leases are recognised as Property, Plant and Equipment, in the Balance Sheet for an amount that corresponds to the lower of fair value and the present value of minimum lease payments determined at the inception of the lease and a liability is recognised for an equivalent amount.
- (c) Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognized immediately in Statement of Profit and Loss, unless they are directly attributable to qualifying assets, in which case they are capitalized. Contingent rentals are recognized as expenses in the periods in which they are incurred.
- (d) A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.
- (e) Leases other than finance leases are operating leases, and the leased assets are not recognised on the Company's Balance Sheet. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term except where another systematic basis is more representative of time pattern in which economic benefits from the leased assets are consumed.

1B.4.3 Capital Work-in-Progress

- (a) Expenditure incurred on assets under construction (including a project) is carried at cost under 'Capital Work-in-Progress'. Such costs comprises purchase price of asset including import duties and non-refundable taxes and costs that are directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and after deducting trade discounts and rebates.
- (b) Cost directly attributable to projects under construction include costs of employee benefits, expenditure in relation to survey and investigation activities of the projects, cost of site preparation, initial delivery and handling charges, installation and assembly costs, professional fees, expenditure on maintenance and up-gradation etc. of common public facilities, depreciation on assets used in construction of project, interest during construction and other costs if attributable to construction of projects. Such costs are accumulated under 'Capital Work-in-Progress' and subsequently allocated on systematic basis over major assets, other than land and infrastructure facilities, on commissioning of projects.
- (c) Capital Expenditure incurred for creation of facilities, over which the Company does not have control but the creation of which is essential principally for construction of the project is capitalized and carried under 'Capital Work-in-Progress' and subsequently allocated on systematic basis over major assets, other than land and infrastructure facilities, on commissioning of projects, keeping in view the "attributability" and the "Unit of Measure" concepts in Ind AS 16- "Property, Plant & Equipment". Expenditure of such nature incurred after completion of the project, is charged to Statement of Profit and Loss.

1B.4.4 Intangible assets

- (a) Intangible Assets purchased are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortization /depletion and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.
- (b) Amortisation is provided on straight-line basis over estimated useful lives of the intangible assets, which is taken at 5 years for Computer Software. The amortisation period for intangible assets with finite useful lives are reviewed at least at each year end. Changes in useful lives are treated as changes in accounting estimates.
- (c) Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.
- (d) Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are charged to the Statement of Profit and Loss unless a product's technological and commercial feasibility has been established, in which case such expenditure is capitalised.
- (e) The Company has no internally generated Intangible Assets.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2019

(INR in lakhs unless specified otherwise)

1B.4.5 Impairment of Non-Financial Assets - Property, Plant and Equipment and Intangible Assets

- (a) The Company assesses at each reporting date as to whether there is any indication that any property, plant and equipment and intangible assets or group of assets, called Cash Generating Units (CGU) may be impaired. If any such indication exists the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.
- (b) An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.
- (c) The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

1B.4.6 Borrowing Costs

- (a) Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.
- (b) Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.
- (c) All other borrowing costs are expensed in the period in which they occur.

1B.4.7 Inventories

- (a) Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any, except in case of by-products which are valued at net realisable value. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition.
- (b) Cost of raw materials, work-in- progress, finished goods, stock-in-trade, stores and spares and packing materials are determined at Cost, with moving average price on First in First Out [FIFO] basis.

1B.4.8 Assets Held For Sale

The assets are classified as held for sale if their carrying amount is intended to be recovered principally through sale rather than through continuing use. The condition for classification of held for sale is met when the asset is available for immediate sale and the same is highly probable of being completed within one year from the date of classification under held for sale. The Company, is holding a Land at Shukhpuri Village, as 'Assets held for Sale', under the head of Other Current Assets, as the management anticipates completion of the sale by March 2020.

1B.4.9 Provisions, Contingent Liabilities and Contingent Assets

- (a) Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Such provisions are determined based on management's estimate of the amount required to settle the obligation at the balance sheet date. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a standalone asset only when the reimbursement is virtually certain.
- (b) If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.
- (c) Contingent liabilities are disclosed on the basis of judgment of the management. These are reviewed at each balance sheet date and are adjusted to reflect the current management's estimate.
- (d) Contingent assets are not recognized but are disclosed in the financial statements when inflow of economic benefits is probable.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2019

(INR in lakhs unless specified otherwise)

1B.4.10 Income Taxes

- (a) Income-Tax expense comprises of current and deferred income tax. Income tax expense is recognised in net profit in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income.
- (b) Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.
- (c) Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.
- (d) Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

1B.4.11 Foreign Currency Transactions and Translations

- (a) Transactions in foreign currencies are initially recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date.
- (b) Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets, are capitalized as cost of assets.
- (c) Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or Statement of Profit and Loss are also recognised in OCI or Statement of Profit and Loss, respectively).

1B.4.12 Employee Benefits Expense

(a) Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

(b) Post-Employment Benefits

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund, Superannuation Fund and Pension Scheme. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

(c) Defined Benefits Plans

- (i) The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.
- (ii) The Company pays gratuity to the employees whoever has completed five years of service with the Company at the time of resignation/superannuation. The gratuity is paid @15 days salary for every completed year of service as per the provisions of the Payment of Gratuity Act, 1972.
- (iii) The gratuity liability amount is contributed to the approved gratuity fund formed exclusively for gratuity payment to the employees. The gratuity fund has been approved by the governing Income-Tax authorities.
- (iv) The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services
- (v) Re-measurements of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2019

(INR in lakhs unless specified otherwise)

(d) Employee Separation Costs

Compensation to employees who have opted for retirement under the voluntary retirement scheme of the Company is payable in the year of exercise of option by the employee. The Company recognises the employee separation cost when the scheme is announced and the Company is demonstrably committed to it.

1B.4.13 Revenue from Operations

- (a) Revenue from sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated cost can be estimated reliably, there is no continuing effective control or managerial involvement with the goods, and the amount of revenue can be measured reliably.
- (b) Revenue from rendering of services is recognised when the performance obligation to render the services are completed as per contractually agreed terms. The revenue derived by the Company from rendering of Logistics Services has been netted off against its 'Freight, Cartage Outward & Other Selling Expenses'.
- (c) Revenue from sale of goods is measured at the fair value of the consideration received or receivable after taking into account contractually defined terms of payment and excluding trade discounts, volume rebates and taxes or duties collected on behalf of the Government such as Goods and Services Tax [GST].

1B.4.14 Other Income

(a) Interest Income

For all Debt Instruments measured either at Amortized Cost or at Fair Value through Other Comprehensive Income, interest income is recorded using the Effective Interest Rate [EIR]. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial liability.

(b) Dividend Income

Dividend income is recognised only when the right to receive the same is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of dividend can be measured reliably.

1B.4.15 Goods & Services Tax [GST]

The Goods & Services Tax balances, as appearing in the Balance Sheet of the Company, are subject to the GST Audit which is to be carried out under s. 35(5) of the Central Goods & Services Tax Act, 2017 for the financial year 2018-19.

1B.4.16 Insurance Claims

- (a) Insurance claims are accounted for on the basis of claims admitted/ expected to be admitted to the extent that there is no uncertainty in receiving the claims.
- (b) During the financial year ended 31st March, 2019, due to accidents & natural calamities viz. (i) Inundation of Water in factory and business premises, (ii) Wind Storm & Fire in the factory and business Premises and (iii) Vehicle Accidental Damages, the Company has lodged Re-instatement claims towards the lost or damaged assets. As, under the Re-instatement policy, the insurer is contractually obliged to pay the Re-instatement cost of the damaged asset, the company has recognised a 'Net Gain on Insurance Claim' aggregating to Rs. 60.58 Lakhs, shown under the head of 'Exceptional Items' in the Statement of Profit and Loss.
- (c) The Company is expecting the settlement of various insurance claims lodged by it, within next twelve months and therefore, the Company has classified such Insurance Claims Receivables under the head 'Other Current Assets' in the Balance Sheet.

1B.4.17 Financial Instruments

(a) Financial Assets

(i) Initial recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2019

(INR in lakhs unless specified otherwise)

(ii) Subsequent measurement

Financial assets carried at amortised cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL.

(iii) Investment in subsidiaries, Associates and Joint Ventures

The Company has elected to measure investment in its wholly owned subsidiary M/s. Tapti Pipes and Products Ltd. FZE, UAE at its Fair Value.

(iv) Other Equity Investments

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'.

(v) Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

(b) Financial Liabilities

(i) Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

(ii) Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(iii) Derivative financial instruments and Hedge Accounting

Derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss, except for the effective portion of cash flow hedges which is recognised in Other Comprehensive Income and later to Statement of Profit and Loss when the hedged item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial assets or non-financial liability.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2019

(INR in lakhs unless specified otherwise)

Hedges that meet the criteria for hedge accounting are accounted for as follows:

Cash flow hedge

The Company designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions. When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in the cash flow hedging reserve being part of other comprehensive income. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Statement of Profit and Loss upon the occurrence of the underlying transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified in the Statement of Profit and Loss.

Fair Value Hedge

The Company designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in interest rates, foreign exchange rates and commodity prices.

Changes in the fair value of hedging instruments and hedged items that are designated and qualify as fair value hedges are recorded in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of a hedged item for which the effective interest method is used is amortised to Statement of Profit and Loss over the period of maturity.

(iv) Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

1B.4.18 Operating Cycle

- (a) The Company presents its assets and liabilities in the balance sheet based on current/non-current classification which is based upon the Company's operating cycle. The Company has identified twelve months as its operating cycle.
- (b) An asset is treated as current when it is:
 - (i) Expected to be realized or intended to be sold or consumed in normal operating cycle;
 - (ii) Held primarily for the purpose of trading;
 - (iii) Expected to be realized within twelve months after the reporting period; or
 - (iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period
- (c) A liability is treated as current when :
 - (i) It is expected to be settled in normal operating cycle;
 - (ii) It is held primarily for the purpose of trading;
 - (iii) It is due to be settled within twelve months after the reporting period, or
 - (iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period
- (d) Deferred tax assets and liabilities are classified as non-current assets and liabilities.

1B.4.19 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for events of shares issued during the year including bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2019

(INR in lakhs unless specified otherwise)

1B.4.20 Dividend Distribution

Dividends paid (including Income-Tax thereon) is recognised in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by the shareholders.

1B.4.21 Statement of Cash Flows

(a) Cash and Cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(b) Statement of Cash Flows is prepared in accordance with the Indirect Method prescribed in the relevant Ind AS.

NOTE - 1C - CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the standalone financial statements in conformity with the Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures as at date of the financial statements and the reported amounts of the revenues and expenses for the years presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates under different assumptions and conditions. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

1C.1 Depreciation / amortisation and useful lives of property plant and equipment / intangible assets

Property, Plant and Equipment / Intangible assets are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

1C.2 Recoverability of Trade Receivable

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

1C.3 Provisions

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgment to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

1C.4 Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

1C.5 Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

- The expected contribution for Defined Benefit Plan for the next financial year will be in line with F.Y. 2018-19.
- The company makes provident fund (PF) contributions to defined contribution benefit plans for eligible employees. Under the scheme the company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions specified under the law are paid to the government authorities (PF commissioner).
- Amount towards Defined Contribution Plan have been recognized under "Contribution to Provident and Other funds" in Note 31.
- Defined Benefit Plan:

The Company has defined benefit plans for gratuity to eligible employees, contributions for which are made to Life Insurance Corporation of India, who invests the funds as per IRDA guidelines. The details of these defined benefit plans recognized in the financial statements are as under.

General Description of the Plan:

The Company operates a defined benefit plan (the Gratuity Plan) covering eligible employees, which provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employees salary and the tenure of employment.

The defined benefit plans typically expose the company to various risk such as :

(a) Investment risk:

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create plan deficit.

(b) Interest risk:

A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the plan assets.

(c) Longevity risk:

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

(d) Salary risk:

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

(iii) Other Financial Liabilities	280.00	280.00	383.97	383.97

(b) Foreign Currency Risk:

The Company undertakes transactions denominated in foreign currency (mainly US Dollar) which is subject to the risk of exchange rate fluctuations. Financial assets and liabilities denominated in foreign currency, including the Company's net investments in foreign operations (with a functional currency other than Indian Rupee), are also subject to reinstatement risks.

The carrying amount of foreign currency denominated financial assets and liabilities including derivative contracts, are as follows:

Particulars	As at 31 st March, 2019[USD]	As at 31 st March, 2018[USD]
Financial Assets	12,52,051	12,52,051
Financial Liabilities	-	(4,07,701)
Net Exposure	12,52,051	8,44,350

The company has exercised the option of carrying the Investments in its subsidiaries at its fair value on the date of transition i.e. 1st April, 2016

(c) Foreign Currency Sensitivity

For every percentage point change in the underlying exchange rate of the outstanding foreign currency denominated assets and liabilities, including derivative contracts, holding all other variables constant, the profit before tax for the year ended 31st March, 2019 would change by 12520.51 USD [Previous Year - 8443.50 USD].

(d) Interest Rate Risk

Interest rate risk is the risk that the future cash flow with respect to interest payments on borrowing will fluctuate because of change in market interest rates. The company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligation with floating interest rates.

(e) Interest Rate Sensitivity

Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rates. Any movement in the reference rates could have an impact on the Company's cash flows as well as costs.

The Company is subject to variable interest rates on some of its interest bearing liabilities. The Company's interest rate exposure is mainly related to debt obligations. The Company also uses a mix of interest rate sensitive financial instruments to manage the liquidity and fund requirements for its day to day operations like short term loans.

As at March 31, 2019, financial liability of 481.91 lakhs was subject to variable interest rates. Increase/decrease of 100 basis points in interest rates at the balance sheet date would result in decrease/increase in profit/(loss) before tax of Rs. 48.19 Lakhs for the year ended March 31, 2019.

The model assumes that interest rate changes are instantaneous parallel shifts in the yield curve. Although some assets and liabilities may have similar maturities or periods to re-pricing, these may not react correspondingly to changes in market interest rates. Also, the interest rates on some types of assets and liabilities may fluctuate with changes in market interest rates, while interest rates on other types of assets may change with a lag.

The risk estimates provided assume a parallel shift of 100 basis points interest rate across all yield curves. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period.

(Note: The impact is indicated on the profit/(loss) before tax basis).

(f) Commodity Price Risk

Commodity price risk arises due to fluctuation in prices of raw material. The company has a risk management frame work aimed at prudently managing the risk arising from the volatility in raw material prices and freight costs. The company's commodity risk is managed centrally through well-established trading operations and control processes. In accordance with the risk management policy, the Company carefully calibrates the timing and the quantity of purchase

(g) Credit Risk

Credit risk is the risk that a customer or counterparty to a financial instrument fails to perform or pay the amounts due causing financial loss to the company. Credit risk arises mainly from the outstanding receivables from customers. The company has a prudent and conservative process for managing its credit risk arising in the course of its business activities. The credit ratings/market standing of the customers are evaluated on a regular basis.

(h) Liquidity Risk

Liquidity risk arises from the Company's inability to meet its cash flow commitments on time. Prudent liquidity risk management implies maintaining sufficient stock of cash and marketable securities . The Company maintains adequate cash and cash equivalents along with the need based credit limits to meet the liquidity needs.

(i) Hedge Accounting

The Company has established risk management policies to hedge the volatility arising from exchange rate fluctuations in respect of firm commitments and highly probable forecast transactions, through foreign exchange forward and options contracts. The proportion of forecast transactions that are to be hedged is decided based on the size of the forecast transaction and market conditions. As the counterparty for such transactions are highly rated banks, the risk of their non-performance is considered to be insignificant.

The Company uses derivatives to hedge its exposure to changes in movement in foreign currency. Where such derivatives are not designated under hedge accounting, changes in the fair value of such hedges are recognised in the Statement of Profit and Loss.

The Company may also designate certain hedges, usually for large transactions, as a cash flow hedge under hedge accounting, with the objective of shielding the exposure from variability in cash flows. The currency, amount and tenure of such hedges are generally matched to the underlying transaction(s). Changes in the fair value of the effective portion of cash flow hedges are recognised as cash flow hedging reserve in Other Comprehensive Income. While the probability of such hedges becoming ineffective is very low, the ineffective portion, if any, is immediately recognised in the Statement of Profit and Loss.

INDEPENDENT AUDITORS' REPORT ON
CONSOLIDATED FINANCIAL STATEMENTS

To,
The Members,
TEXMO PIPES AND PRODUCTS LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of TEXMO PIPES AND PRODUCTS LIMITED (“the Company”) and its subsidiary (the Company and its subsidiary together referred to as “the Group”) which comprise the Consolidated Balance Sheet as at 31st March, 2019, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended and notes to the financial statements including a summary of significant accounting policies and other explanatory information thereon (hereinafter referred to as ‘consolidated Ind AS financial statements’)

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Group as at March 31st, 2019, and its consolidated Profit, consolidated Changes in Equity and its Consolidated Cash Flows for the year ended on that date.

Basis of Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the consolidated Ind AS financial statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated Ind AS financial statements.

Responsibility of Management and Those Charged with Governance for the Consolidated Ind AS Financial Statements

The Company's Management and Board of Directors is responsible for the preparation and presentation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (“the Act”) that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated Statement of Changes in Equity and consolidated cash flows of the Group in accordance with the Indian Accounting Standards specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and the other accounting principles generally accepted in India.

The respective Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of the appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of these consolidated Ind AS financial statements by Board of Directors of the Company.

In preparing the consolidated Ind AS financial statements, the respective Board of Directors of the Companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Group’s financial reporting process.

Auditor's Responsibility for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

Other Matter

We did not carry out the audit of the financial statements of one subsidiary company, whose financial statements reflect total assets of Rs. 6,920.90 Lakhs as at 31st March, 2019, total revenue of Rs. Nil and net cash outflow of Rs. 0.41 Lakhs for the year then ended on that date. These financial statements have been audited by other auditor whose report has been furnished to us by the management, and in our opinion on the consolidated Ind AS financial statements, insofar as it relates to the amounts and disclosures included in respect of the subsidiary is based solely on the report of the other auditor.

Our opinion on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Group so far as it appears from our examination of those books and the report of the other auditors;
 - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - e. On the basis of the written representations received from the directors as on March 31st, 2019, taken on record by the Board of Directors and the report of the statutory auditors of the subsidiary, none of the directors is disqualified as on March 31st, 2019, from being appointed as a director in terms of Section 164(2) of the Act;
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure-A"; and
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements of a subsidiary, as noted in the 'Other Matter' paragraph:
 - i. The Group has disclosed the impact of pending litigations on its financial position in its consolidated Ind AS financial statements – Refer Note-37 to the financial statements.
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group.

ANNEXURE–A TO THE INDEPENDENT AUDITORS' REPORT

Referred to in Paragraph 1 of the Independent Auditors' Report of even date to the members of Texmo Pipes and Products Limited on the consolidated Ind AS financial statements as of and for the year ended March 31st, 2019

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **TEXMO PIPES AND PRODUCTS LIMITED** (“the Company”) and its subsidiary as of 31st March, 2019 in conjunction with our audit of the consolidated Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls.

The respective Board of Directors of the Company and its subsidiary, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting of the Company and its Subsidiary company.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company and its subsidiary have in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

- 1A.5** The Parent Company and it's wholly owned foreign subsidiary are collectively referred to as "Group".

NOTE - 1B - SIGNIFICANT ACCOUNTING POLICIES

1B.1 Basis Of Preparation

The consolidated financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act. Amounts for the year ended March 31, 2018, were audited by previous auditors- M/s. Pankaj Somaiya & Associates LLP. The consolidated financial statements of the Group for the year ended March 31, 2019 were authorized for issue in accordance with a resolution of the Board of Directors on May 21, 2019.

1B.2 Basis Of Consolidation

The financial statements of the Parent Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.

Profits or losses resulting from intra-group transactions that are recognised in assets, such as inventory and property, plant & equipment, are eliminated in full.

In case of foreign subsidiaries, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in the Foreign Currency Translation Reserve.

Offset (eliminate) the carrying amount of the parent’s investment in each subsidiary and the parent’s portion of equity of subsidiary.

The difference between the proceeds from disposal of investment in subsidiary and the carrying amount of its assets less liabilities as on the date of disposal is recognised in the Consolidated Statement of Profit and Loss being the profit or loss on disposal of investment in subsidiary.

Non Controlling Interest’s share of profit / loss of consolidated subsidiary for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the Company.

Non Controlling Interest’s share of net assets of consolidated subsidiary is identified and presented in the Consolidated Balance Sheet separate from liabilities and the equity of the Parent Company’s shareholders.

The Parent Company accounts for its share of post acquisition changes in net assets of associates and joint ventures, after eliminating unrealised profits and losses resulting from transactions between the Parent Company and its associates to the extent of its share, through its Consolidated Statement of Profit and Loss, to the extent such change is attributable to the associates’ Statement of Profit and Loss and through its reserves for the balance based on available information.

1B.3 Basis of Measurement

The consolidated financial statements have been prepared on a going concern basis using historical cost convention and on accrual method of accounting, except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities (including derivative instruments);
- Defined benefit plans - plan assets; and
- Assets Held for Sale

1B.4 Functional and Presentation Currency

These consolidated financial statements are presented in Indian Rupees (INR), which is the Parent Company's functional currency. All amounts have been rounded off to the nearest lakh, unless otherwise indicated.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2019

(INR in lakhs unless specified otherwise)

1B.5 Summary of Significant Accounting Policies

1B.5.1 Property, Plant and Equipment (PPE)

- (a) Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discounts and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any other cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.
- (b) Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably. In the carrying amount of an item of PPE, the cost of replacing the part of such an item is recognized when that cost is incurred if the recognition criterias are met. The carrying amount of those parts that are replaced is derecognized in accordance with the derecognition principles.
- (c) Expenses incurred in relation to a project, net of income earned during the project development stage prior to its intended use, are considered as Pre - Operative Expenses and are disclosed under 'Capital Work - in - Progress'.
- (d) Depreciation on Property, Plant and Equipment is provided using straight line method, except on Freehold Land, on which no depreciation is provided. Depreciation provided is based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 . If, significant parts of an item of Property, Plant and Equipment have different useful lives, then they are accounted and depreciated for as separate items (major components) of Property, Plant and Equipment. In respect of the Dies and Moulds, the useful life is estimated at 12 years, which is different from the prescribed life of 8 years under Schedule II to the Companies Act, 2013
- (e) The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.
- (f) Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Consolidated Statement of Profit and Loss when the asset is derecognized.
- (g) Spare parts procured along with the Plant & Machinery or subsequently which meet the recognition criteria are capitalized and added in the carrying amount of such item. The carrying amount of those spare parts that are replaced is derecognized when no future economic benefits are expected from their use or upon disposal. Other machinery spares are treated as "stores & spares" forming part of the inventory.

1B.5.2 Leases

- (a) At the inception of a lease, the lease arrangement is classified as either a finance lease or an operating lease, based on the substance of the lease arrangement. Leases are recognized as a finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.
- (b) Assets used under finance leases are recognised as Property, Plant and Equipment, in the Balance Sheet for an amount that corresponds to the lower of fair value and the present value of minimum lease payments determined at the inception of the lease and a liability is recognised for an equivalent amount.
- (c) Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognized immediately in Consolidated Statement of Profit and Loss, unless they are directly attributable to qualifying assets, in which case they are capitalized. Contingent rentals are recognized as expenses in the periods in which they are incurred.
- (d) A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.
- (e) Leases other than finance leases are operating leases, and the leased assets are not recognised on the Group's Balance Sheet. Operating lease payments are recognized as an expense in the Consolidated Statement of Profit and Loss on a straight-line basis over the lease term except where another systematic basis is more representative of time pattern in which economic benefits from the leased assets are consumed.

1B.5.3 Capital Work in Progress

- (a) Expenditure incurred on assets under construction (including a project) is carried at cost under 'Capital Work-in-Progress'. Such costs comprises purchase price of asset including import duties and non-refundable taxes and costs that are directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and after deducting trade discounts and rebates.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2019

(INR in lakhs unless specified otherwise)

- (b) Cost directly attributable to projects under construction include costs of employee benefits, expenditure in relation to survey and investigation activities of the projects, cost of site preparation, initial delivery and handling charges, installation and assembly costs, professional fees, expenditure on maintenance and up-gradation etc. of common public facilities, depreciation on assets used in construction of project, interest during construction and other costs if attributable to construction of projects. Such costs are accumulated under “Capital works in progress” and subsequently allocated on systematic basis over major assets, other than land and infrastructure facilities, on commissioning of projects.
- (c) Capital Expenditure incurred for creation of facilities, over which the Group does not have control but the creation of which is essential principally for construction of the project is capitalized and carried under “Capital work in progress” and subsequently allocated on systematic basis over major assets, other than land and infrastructure facilities, on commissioning of projects, keeping in view the “attributability” and the “Unit of Measure” concepts in Ind AS 16-“Property, Plant & Equipment”. Expenditure of such nature incurred after completion of the project, is charged to Consolidated statement of Profit and Loss.

1B.5.4 Intangible assets

- (a) Intangible Assets purchased are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortization /depletion and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets. Subsequent costs are included in the asset’s carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.
- (b) Amortisation is provided on straight-line basis over estimated useful lives of the intangible assets, which is taken at 5 years for Computer Software. The amortisation period for intangible assets with finite useful lives are reviewed at least at each year end. Changes in useful lives are treated as changes in accounting estimates.
- (c) Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Consolidated Statement of Profit and Loss when the asset is derecognised.
- (d) Revenue expenditure pertaining to research is charged to the Consolidated Statement of Profit and Loss. Development costs of products are charged to the Consolidated Statement of Profit and Loss unless a product’s technological and commercial feasibility has been established, in which case such expenditure is capitalised.
- (e) The Group has no internally generated Intangible Assets.

1B.5.5 Impairment of Non-Financial Assets - Property, Plant and Equipment and Intangible Assets

- (a) The Group assesses at each reporting date as to whether there is any indication that any property, plant and equipment and intangible assets or group of assets, called Cash Generating Units (CGU) may be impaired. If any such indication exists the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the CGU to which the asset belongs.
- (b) An impairment loss is recognised in the Consolidated Statement of Profit and Loss to the extent, asset’s carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset’s fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.
- (c) The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

1B.5.6 Borrowing Costs

- (a) Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.
- (b) Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.
- (c) All other borrowing costs are expensed in the period in which they occur.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2019

(INR in lakhs unless specified otherwise)

1B.5.7 Inventories

- (a) Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any, except in case of by-products which are valued at net realisable value. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition.
- (b) Cost of raw materials, work-in-progress, finished goods, stock-in-trade, stores and spares and packing materials are determined at Cost, with moving average price on FIFO basis.

1B.5.8 Assets Held For Sale

The assets are classified as held for sale if their carrying amount is intended to be recovered principally through sale rather than through continuing use. The condition for classification of held for sale is met when the asset is available for immediate sale and the same is highly probable of being completed within one year from the date of classification under held for sale. The Parent Company, is holding a Land at Shukhpuri Village, as 'Assets held for Sale', under the head of Other Current Assets, as the management anticipates completion of the sale by March 2020.

1B.5.9 Provisions, Contingent Liabilities and Contingent Assets

- (a) Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Such provisions are determined based on management's estimate of the amount required to settle the obligation at the balance sheet date. When the Group expects some or all of a provision to be reimbursed, the reimbursement is recognised as a standalone asset only when the reimbursement is virtually certain.
- (b) If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.
- (c) Contingent liabilities are disclosed on the basis of judgment of the management. These are reviewed at each balance sheet date and are adjusted to reflect the current management's estimate.
- (d) Contingent assets are not recognized but are disclosed in the Consolidated Financial Statements when inflow of economic benefits is probable.

1B.5.10 Income Taxes

- (a) Income-Tax expense comprises of current and deferred income tax. Income tax expense is recognised in net profit in the Consolidated Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income.
- (b) Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.
- (c) Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit.
- (d) Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

1B.5.11 Foreign Currency Transactions and Translations

- (a) Transactions in foreign currencies are initially recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date.
- (b) Exchange differences arising on settlement or translation of monetary items are recognised in Consolidated Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets, are capitalized as cost of assets.
- (c) Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or Consolidated Statement of Profit and Loss are also recognised in OCI or Consolidated Statement of Profit and Loss, respectively).

1B.5.12 Employee Benefits Expense

- (a) **Short Term Employee Benefits**

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2019

(INR in lakhs unless specified otherwise)

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

(b) Post-Employment Benefits

A defined contribution plan is a post-employment benefit plan under which the Group pays specified contributions to a separate entity. The Group makes specified monthly contributions towards Provident Fund, Superannuation Fund and Pension Scheme. The Group's contribution is recognised as an expense in the Consolidated Statement of Profit and Loss during the period in which the employee renders the related service.

(c) Defined Benefits Plans

- (i) The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.
 - (ii) The Group pays gratuity to the employees whoever has completed five years of service with the Group at the time of resignation/superannuation. The gratuity is paid @15 days salary for every completed year of service as per the provisions of the Payment of Gratuity Act, 1972.
 - (iii) The gratuity liability amount is contributed to the approved gratuity fund formed exclusively for gratuity payment to the employees. The gratuity fund has been approved by the governing Income-Tax authorities.
 - (iv) The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.
 - (v) Re-measurements of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.
- (d) Employee Separation Costs**
 Compensation to employees who have opted for retirement under the voluntary retirement scheme of the Group is payable in the year of exercise of option by the employee. The Group recognises the employee separation cost when the scheme is announced and the Group is demonstrably committed to it.

Revenue from Operations

- (a) Revenue from sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated cost can be estimated reliably, there is no continuing effective control or managerial involvement with the goods, and the amount of revenue can be measured reliably.
- (b) Revenue from rendering of services is recognised when the performance obligation to render the services are completed as per contractually agreed terms. The revenue derived by the Group from rendering of Logistics Services has been netted off against its 'Freight, Cartage Outward & Other Selling Expenses'.
- (c) Revenue from sale of goods is measured at the fair value of the consideration received or receivable after taking into account contractually defined terms of payment and excluding trade discounts, volume rebates and taxes or duties collected on behalf of the Government such as Goods and Services Tax [GST].

Other Income

(a) Interest Income

For all Debt Instruments measured either at Amortized Cost or at Fair Value through Other Comprehensive Income, interest income is recorded using the Effective Interest Rate [EIR]. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial liability.

(b) Dividend Income

Dividend income is recognised only when the right to receive the same is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of dividend can be measured reliably.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2019

(INR in lakhs unless specified otherwise)

1B.5.15 Goods & Services Tax [GST]

The Goods & Services Tax balances, as appearing in the Balance Sheet of the Group, are subject to the GST Audit which is to be carried out under s. 35(5) of the Central Goods & Services Tax Act, 2017 for the financial year 2018-19.

1B.5.16 Insurance Claims

- (a) Insurance claims are accounted for on the basis of claims admitted/ expected to be admitted to the extent that there is no uncertainty in receiving the claims.
- (b) During the financial year ended 31st March, 2019, due to accidents & natural calamities viz. (i) Inundation of Water in factory and business premises, (ii) Wind Storm & Fire in the factory and business Premises and (iii) Vehicle Accidental Damages, the Company has lodged Re-instatement claims towards the lost or damaged assets. As, under the Re-instatement policy, the insurer is contractually obliged to pay the Re-instatement cost of the damaged asset, the company has recognised a 'Net Gain on Insurance Claim' aggregating to Rs. 60.58 Lakhs, shown under the head of 'Exceptional Items' in the Statement of Profit and Loss.
- (c) The Parent Company is expecting the settlement of various insurance claims lodged by it, within next twelve months and therefore, the Company has classified such Insurance Claims Receivables under the head 'Other Current Assets' in the Balance Sheet.

1B.5.17 Financial Instruments

(a) Financial Assets

(i) Initial recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

(ii) Subsequent measurement

Financial assets carried at amortised cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL.

(iii) Investment in subsidiaries, Associates and Joint Ventures

The Group has elected to measure investment in its wholly owned subsidiary M/s. Tapti Pipes and Products Ltd. FZE, UAE at its Fair Value.

(iv) Other Equity Investments

All other equity investments are measured at fair value, with value changes recognised in Consolidated Statement of Profit and Loss, except for those equity investments for which the Group has elected to present the value changes in 'Other Comprehensive Income'.

(v) Impairment of financial assets

In accordance with Ind AS 109, the Group uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For trade receivables Group applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Group uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Group uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2019

(INR in lakhs unless specified otherwise)

(b) Financial Liabilities

(i) Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Consolidated Statement of Profit and Loss as finance cost.

(ii) Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(iii) Derivative financial instruments and Hedge Accounting

Derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Consolidated Statement of Profit and Loss, except for the effective portion of cash flow hedges which is recognised in Other Comprehensive Income and later to Consolidated Statement of Profit and Loss when the hedged item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial assets or non-financial liability.

Hedges that meet the criteria for hedge accounting are accounted for as follows:

Cash flow hedge

The Group designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions. When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in the cash flow hedging reserve being part of other comprehensive income. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the Consolidated Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Consolidated Statement of Profit and Loss upon the occurrence of the underlying transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified in the Consolidated Statement of Profit and Loss.

Fair Value Hedge

The Group designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in interest rates, foreign exchange rates and commodity prices.

Changes in the fair value of hedging instruments and hedged items that are designated and qualify as fair value hedges are recorded in the Consolidated Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of a hedged item for which the effective interest method is used is amortised to statement of Profit and Loss over the period of maturity.

(iv) Derecognition of financial instruments

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Group's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

1B.5.18 Operating Cycle

(a) The Group presents its assets and liabilities in the balance sheet based on current/non-current classification which is based upon the Group's operating cycle. The Group has identified twelve months as its operating cycle.

(b) An asset is treated as current when it is:

(i) Expected to be realized or intended to be sold or consumed in normal operating cycle;

(ii) Held primarily for the purpose of trading;

(iii) Expected to be realized within twelve months after the reporting period; or

(iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

(c) A liability is treated as current when :

(i) It is expected to be settled in normal operating cycle;

(ii) It is held primarily for the purpose of trading;

(iii) It is due to be settled within twelve months after the reporting period, or

(iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

(d) Deferred tax assets and liabilities are classified as non-current assets and liabilities.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2019

(INR in lakhs unless specified otherwise)

- 1B.5.19 Earnings Per Share**
 Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for events of shares issued during the year including bonus issue. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.
- 1B.5.20 Dividend Distribution**
 Dividends paid (including Income-Tax thereon) is recognised in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by the shareholders.
- 1B.5.21 Consolidated Statement of Cash Flows**
- (a) **Cash and Cash equivalents**
 For the purpose of presentation in the Consolidated Statement of cash flows, cash and cash equivalents includes cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.
- (b) Consolidated Statement of Cash Flows is prepared in accordance with the Indirect Method prescribed in the relevant Ind AS.
- NOTE - 1C - CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY**
- The preparation of the Consolidated Financial Statements in conformity with the Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures as at date of the financial statements and the reported amounts of the revenues and expenses for the years presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates under different assumptions and conditions. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.
- 1C.1 Depreciation / amortisation and useful lives of property plant and equipment / intangible assets**
 Property, Plant and Equipment / Intangible assets are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Group's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.
- 1C.2 Recoverability of Trade Receivable**
 Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.
- 1C.3 Provisions**
 Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgment to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.
- 1C.4 Impairment of non-financial assets**
 The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.
 In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.
- 1C.5 Impairment of financial assets**
 The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Group uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

- The expected contribution for Defined Benefit Plan for the next financial year will be in line with F.Y. 2018-19.
- The company makes provident fund (PF) contributions to defined contribution benefit plans for eligible employees. Under the scheme the company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions specified under the law are paid to the government authorities (PF commissioner).
- Amount towards Defined Contribution Plan have been recognized under "Contribution to Provident and Other funds" in Note 31.
- Defined Benefit Plan:**

The Company has defined benefit plans for gratuity to eligible employees, contributions for which are made to Life Insurance Corporation of India, who invests the funds as per IRDA guidelines. The details of these defined benefit plans recognized in the financial statements are as under:

General Description of the Plan:

The Company operates a defined benefit plan (the Gratuity Plan) covering eligible employees, which provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employees salary and the tenure of employment.

The defined benefit plans typically expose the company to various risk such as :

(a) Investment risk:

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create plan deficit.

(b) Interest risk:

A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the plan assets.

(c) Longevity risk:

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

(d) Salary risk:

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

(b) Interest Rate Risk

Interest rate risk is the risk that the future cash flow with respect to interest payments on borrowing will fluctuate because of change in market interest rates. The company's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligation with floating interest rates.

(c) Interest Rate Sensitivity

Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rates. Any movement in the reference rates could have an impact on the Company's cash flows as well as costs.

The Group is subject to variable interest rates on some of its interest bearing liabilities. The Group's interest rate exposure is mainly related to debt obligations. The Group also uses a mix of interest rate sensitive financial instruments to manage the liquidity and fund requirements for its day to day operations like short term loans.

As at March 31, 2019, financial liability of 481.91 lakhs was subject to variable interest rates. Increase/decrease of 100 basis points in interest rates at the balance sheet date would result in decrease/increase in profit/(loss) before tax of Rs. 48.19 Lakhs for the year ended March 31, 2019.

The model assumes that interest rate changes are instantaneous parallel shifts in the yield curve. Although some assets and liabilities may have similar maturities or periods to re-pricing, these may not react correspondingly to changes in

market interest rates. Also, the interest rates on some types of assets and liabilities may fluctuate with changes in market interest rates, while interest rates on other types of assets may change with a lag.

The risk estimates provided assume a parallel shift of 100 basis points interest rate across all yield curves. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period.

(Note: The impact is indicated on the profit/(loss) before tax basis).

(d) Commodity Price Risk

Commodity price risk arises due to fluctuation in prices of raw material. The company has a risk management frame work aimed at prudently managing the risk arising from the volatility in raw material prices and freight costs. The Group's commodity risk is managed centrally through well-established trading operations and control processes. In accordance with the risk management policy, the Company carefully calibrates the timing and the quantity of purchase

(e) Credit Risk

Credit risk is the risk that a customer or counter party to a financial instrument fails to perform or pay the amounts due causing financial loss to the company. Credit risk arises mainly from the outstanding receivables from customers. The Group has a prudent and conservative process for managing its credit risk arising in the course of its business activities. The credit ratings/market standing of the customers are evaluated on a regular basis.

(f) Liquidity Risk

Liquidity risk arises from the Group's inability to meet its cash flow commitments on time. Prudent liquidity risk management implies maintaining sufficient stock of cash and marketable securities . The Group maintains adequate cash and cash equivalents along with the need based credit limits to meet the liquidity needs.

(g) Hedge Accounting

The Group has established risk management policies to hedge the volatility arising from exchange rate fluctuations in respect of firm commitments and highly probable forecast transactions, through foreign exchange forward and options contracts. The proportion of forecast transactions that are to be hedged is decided based on the size of the forecast transaction and market conditions. As the counter party for such transactions are highly rated banks, the risk of their non-performance is considered to be insignificant.

The Group uses derivatives to hedge its exposure to changes in movement in foreign currency. Where such derivatives are not designated under hedge accounting, changes in the fair value of such hedges are recognised in the Statement of Profit and Loss.

The Group may also designate certain hedges, usually for large transactions, as a cash flow hedge under hedge accounting, with the objective of shielding the exposure from variability in cash flows. The currency, amount and tenure of such hedges are generally matched to the underlying transaction(s). Changes in the fair value of the effective portion of cash flow hedges are recognised as cash flow hedging reserve in Other Comprehensive Income. While the probability of such hedges becoming ineffective is very low, the ineffective portion, if any, is immediately recognised in the Statement of Profit and Loss.

Texmo Pipes and Products Limited
98, Bahadarpur Road, Burhanpur - 450 331, Madhya Pradesh

Dear Shareholders,

The Ministry of Corporate Affairs has taken a “Green Initiative in Corporate Governance” by allowing paperless compliances by Companies through electronic mode. In accordance with the circular no. 17/2011 dated 21.04.2011 and circular no. 18/2011 dated 29.04.2011 issued by the Ministry, Companies can now send various notices and documents, including Annual Report, to its shareholders through electronic mode to the registered e-mail addresses of shareholders.

It is a welcome move for the society at large, as this will reduce paper consumption to a great extent and allow shareholders to contribute towards a Greener Environment. This is a golden opportunity for every shareholder of ‘Texmo Pipes and Products Limited’ to contribute to the Corporate Social Responsibility initiative of the Company. Further it will ensure instant and definite receipt of the reports by you.
